

Application Checklist

UTC Graduate Athletic Training Education Program

This form is for **your own records**; please use it to ensure that all materials are sent to the appropriate offices. **DO NOT WAIT** to collect and send application materials; this may disqualify you from being reviewed as a candidate, but you **MUST** complete the application to the graduate school and pay the application fee first. All other materials can then be sent as they are collected. They do not need to come in together as long as you have first completed the application to the graduate school. Without the application to the graduate school your material will not be logged or filed.
