

THE UNIVERSITY of TENNESSEE 
CHATTANOOGA

The BlueCross BlueShield of Tennessee Mathematics Scholarship

The BlueCross BlueShield of Tennessee Mathematics Scholarship is intended for an incoming freshman attending the University of Tennessee at Chattanooga who majors in mathematics. This scholarship, funded by BlueCross BlueShield of Tennessee, awards \$4000 per year for four years.

Application materials should include:

1. Letter of application affirming an interest in a mathematics degree.
2. Two letters of recommendation affirming the applicant's mathematics ability, at least one of which must be from a recent mathematics teacher.
3. Supporting materials, which should include ACT/SAT scores and high school transcripts.

Selection of the BlueCross BlueShield of Tennessee Mathematics Scholarship is based on academic performance, interest in mathematics, and potential for continued outstanding achievement.

Renewal of the scholarship for the sophomore, junior, and senior years is subject to the recipient remaining a mathematics major, maintaining a 3.0 overall GPA and a 3.5 mathematics GPA (both computed at the end of the academic year), and normal progress towards a mathematics degree.

The Department of Mathematics offers both Bachelor of Arts and Bachelor of Science degrees. Of the 25 full time faculty, 18 hold doctoral degrees from universities around the world. There are currently over 40 mathematics majors and 30 minors, in addition to over 30 Mathematics Education majors and eight post-baccalaureate students. A number of awards are available for mathematics majors, and internships have been established with both BlueCross BlueShield of Tennessee and Unum Provident Insurance Company. In addition, opportunities are available to work directly with faculty on research and honors projects.

Application Deadline: March 15th

Application materials should be sent to:

BCBST Mathematics Scholarship Committee
Mathematics Department 6956
