

Application Deadlines:

In order to provide the opportunity to receive notification of program admission as early as possible, two application cycles have been established. Applicants may apply and submit materials by the following deadlines. Eligibility and contingency requirements should be carefully noted. **Applicants should apply within the block in which the eligibility requirements are met.**

	Deadline	Interviews	Admission Decisions
Block One	September 15	Mid-November	Late December
Block Two	January 15	Feb/Early March	March/Early April

(Should these deadlines fall on a weekend, the application will be due the following Monday.)

Application Eligibility Requirements to Apply in Block One:

- Minimum cumulative grade point average of 3.0/4.0
- Minimum science grade point average of 3.0/4.0 (includes all courses with a UTC prefix of biology, chemistry, physics, and psychology)
- **Undergraduate applicants** must complete a minimum of 60 semester hours of the prerequisites by the end of the preceding summer semester to include two English compositions, two biology courses, one chemistry or physics, one math, and one psychology.
- **Graduate applicants (those students who will have earned a degree from a regionally-accredited institution prior to admission to the program)** must complete the following prerequisites by the end of the preceding summer semester: two biology courses, one chemistry or physics, one math and one psychology.

Application Eligibility Requirements to Apply in Block Two:

- Minimum cumulative grade point average of 3.0/4.0
- Minimum science grade point average of 3.0/4.0 (includes all courses with a UTC prefix of biology, chemistry, physics, and psychology)
- **Undergraduate applicants** must complete a minimum of 72 semester hours of the prerequisites by the end of the fall semester to include: two English compositions, two biology courses, one chemistry, one physics, one math, one psychology, and an additional two courses in any of the following: chemistry, physics, or psychology.
- **Graduate applicants (those students who will have earned a degree from a regionally-accredited institution prior to admission to the program)** must complete the following courses by the end of the fall semester: two biology prerequisites, one chemistry, one physics, one math, one psychology, and an additional two courses in any of the following: chemistry, physics, or psychology.
