

Curriculum Committee

From: Bruce Hutchinson 
Chair, Curriculum Committee

To: Gavin Townsend
President, Faculty Senate

Date: April 3, 2008

Subject: Summary of Committee Activities Academic 2007-08

The Curriculum Committee met eight times between August 2007 and the present. During these meetings the Committee reviewed and approved 70 curriculum proposals. Sixty-five of these proposals were forwarded to and approved by Faculty Senate. Two proposals will be presented to the Senate at its April 3, 2008 meeting.

In addition to its review of curriculum proposals, the Committee made arrangements through Associate Provost David Pittenger for the immediate and future handling of courses seeking to use the Laboratory fee. This arrangement is incorporated in revised Curriculum Guidelines which should be brought to Faculty Senate during Fall 2008.
