Re: Remove Biology 1019 (Light and Life), Biology 4080 (Parasites of Man), and  
Biology 4960r (Biological Techniques) from the catalog.  
Date: October 28, 2011

The Biological and Environmental Sciences Department requests the following courses be removed from the catalogue: Biology 1019 (Light and Life), Biology 4080 (Parasites of Man), Biology 4960r (Biological Techniques). The courses have not been taught in over five years for several reasons: Faculty are not free from other responsibilities to teach the courses (Light and Life) or the content of the courses is covered in courses that are being taught (Parasites of Man and Biological Techniques).
