

Thesis Titles:

May 2002 Graduation, August 2002 Graduation, December 2002 Graduation

The University of Tennessee, Chattanooga

NAME	TITLE	CHAIRPERSON	DEGREE
Arnold, Veronica	The Effects of Witness Confidence and Explicit Instructions on Mock Jurors' Ability to Detect Deception	Dr. Amye Warren	Master of Science Psychology: Research
Aziz, Mohammed Abdul	Effect of Voltage Unbalance on the Energy Efficient Motor and Its Comparison with the Standard Motor	Dr. Ahmed Eltom	Master of Science Engineering: Electrical
Backer, Jennifer Copeland	Effects of Acid Mine Drainage on Limnological Conditions and Fish Assemblages in the Cumberland Plateau Region of the North Chickamauga Creek System, Tennessee	Dr. Mark Schorr	Master of Science Environmental Science
Chindhade, Pushkar N.	A Study of Interference between Direct-Sequence and Frequency-Hopping Spread Spectrum Wireless LANS in the 2.4 GHz Band	Dr. Ahmed H. Eltom	Master of Science Engineering: Electrical
Crumly, Julie	The Relationship Between Ethnic Identification, Psychological Well-Being, and Intergroup Competence: An Investigation of Two Biracial Groups	Dr. Lauri Hyers	Master of Science Psychology: Research
Driver, Adam	Optimization of a BTU Reduction System with Electric Power Generation at an Existing LNG Bulk Receiving Terminal	Dr. James Cunningham	Master of Science Engineering: Chemical

Entin, Cynthia Michelle	Narcissism and the Continuum Hypothesis: Correlations with Primary and Secondary Psychopathy	Dr. Paul J. Watson	Master of Science: Psychology: Research
Guess, Kerry Shannon	Facial Affect Recognition and Aggression in Preschoolers	Dr. Amye Warren	Master of Science Psychology: Research
Hayden, Melissa	Forensic Interviews with Alleged Child Sexual Abuse Victims: Interviewer Practices and Questioning Styles as a Function of the Age of the Child and the Number of Prior Interviews	Dr. Amye Warren	Master of Science Psychology: Research
Hughes, Lisa P.	The Effects of a Six-Week Jump Training Program on Anterior Cruciate Ligament Reconstructed Knees, Measuring Ground Reaction Forces, Kinematic Data, and Isokinetic Strength	Dr. Gary Wilkerson	Master of Science: Athletic Training
Jiang, Rui	Study of Novel Micro-manufactured Bioreactor.	Dr. Frank Jones	Master of Science Engineering: Chemical
Phillips, Jerri Leigh	Effect of Riparian Land Use on the Biotic Integrity of Fish Assemblages in Black Creek, Chattanooga, TN	Dr. Mark Schorr	Master of Science Environmental Science
Siriphongvuttikorn, Charat	Using Simulation to Evaluate and Improve Performance of the Contact Center at BlueCross BlueShield of Tennessee	Dr. Neslihan Alp	Master of Science Engineering: Industrial
Vanderbilt, Forrest	Examination of Small Mammal Diversity in the Riparian Areas of Walden, Tennessee	Dr. Robert Keller	Master of Science Environmental Science

Walker, Angela Colleen	The Fate of ^{13}C -Phenanthrene in Marine Harbor Sediments under Anaerobic Conditions	Dr. Elizabeth Guthrie Nichols	Master of Science Environmental Science
