M.O.s Students with Autism Integrated Community

Growing

Achieving

Succeeding

M.o.S.A.I.C. provides a unique college transition for students living with High-Functioning Autism and Asperger’s Syndrome to have a Structured community style living environment for their first year at UTC.

This Voluntary Program allows students to build independent living and social skills in the traditional Residence hall setting. Under the Guidance of Upperclassmen and Graduate level mentors, students will be able to learn to draw on the full resources of UTC for the Interpersonal, Academic, and Emotional support.

Every participant will live with other students participating in the program helping to foster friendships and support.

Student will be encouraged to:

- Participate in Student Organizations
- Go to Campus Events
- Respect Each Other in the Residence hall
- Succeed interpersonally, Achieve Academically, and Grow Emotionally
