**Subject:** Re: Technology Fee Report

Sorry for the confusion here, but early last year we voluntarily "returned" these funds to help alleviate some of the bigger funding issues this committee was facing. Please let me know how to make this more official, but no funds were spent on this project and we do not need to carryover the amount.

Thanks,

Chris Willis

Chris,

We need the report for the Technology Fee Award to Continuing Ed for 2005-2006. It was titled Campus Cable TV Feasibility Study \$3,600. The funds were to be expended by June 30, 2006. If you have not spent all the allocated funds, and wish to do, send a request to carryover the money.

Thanks for your assistance.
