UTC Summer Programs
Youth University & Junior Camps

Are You Ready? Yes We're Ready!

For Youth University and Junior Camps, that is. Summer is upon us and we're getting ready to have some fun! Last year was a proven success, but we are making this year even better with new and even more exciting classes.

Registration will begin by the first week of March, so register early to secure your child's spot in one or more of our sessions or camps!!!

Youth University is more than just a traditional summer camp. This camp offers a new approach for summer activities by creating a series or classes that are not only fun, but educational. They are designed to offer local young people a variety of classes to teach skill development, communication skills and an opportunity to explore various interests. Each class is tailored specifically for rising 1st– 6th graders. Junior Camps are for student's who are rising 7th–10th graders. These week long camps are designed to enhance the student's knowledge of

Youth University

Here are just some of the great classes that will be offered this summer. There are LOTS more!

Zoo Crew	Number Crackers	Swimming	Goopy Slippery Science
Games Galore	Lunar Lander	Tennis	Tasty Topics
Formula Fusion	Don't Bug Me	Beadazzled	Mythological Creatures

Junior Camps

These are the week long camps that will be offered this summer.

No experience is needed for the outdoor adventures, kayaking and backpacking camps.

Outdoor Adventures ~ Kayaking ~ Photography ~ Artistic Media ~ Cooking ~
Chattanooga Adventure ~ Fly-Fishing ~ Tee-Off ~ The World's A Stage

Program Dates

June 1-5 June 8-12 June 15-19 June 22-26
July 6-10 July 13-17 July 20-24 July 27-31

A Fun Recipe for Kids

Rainbow and Shamrock Cookies

RECIPE INGREDIENTS

- Store bought or home baked round sugar cookies (any round cookie will do)
- White cake frosting
- Cake decorator gels in black, red, orange, yellow, green, blue and purple
- Small yellow candies (we used mini M&M's, Nerds and Chiklets)
- Small round green candies

DIRECTIONS:

1. Spread each cookie with white frosting.
2. Place the yellow candies in the area that you want your "pot of gold" to be.
3. Use black decorator gel to draw on and color in a pot under the "gold".
4. Use rainbow colored decorator gels to draw on rainbows. Rainbow colors go in the following order: **red, orange, yellow, green, blue, purple**
5. You can also decorate cookies with shamrocks by simply placing three round green candies in a triangle and drawing on a shamrock stem with green decorator gel.

Craft Corner

Candy Cane Card

CRAFT MATERIALS:

- Candy Canes
- Red card stock
- Ruler
- Color-Aid paper
- Craft knife
- Non-toxic white glue

DIRECTIONS:

1. Turn the red card stock into a card by scoring a crisp center fold: simply place a ruler where the fold will be (making each half 8 by 6 inches) and run the knife along the ruler without cutting through the paper. Fold the card in half along the score line.
2. Tear the Color-Aid paper into a rectangle to fit on the front of the card. The white side will show through along the ripped edges and form a pretty frame. Glue this rectangle onto the card.
3. Glue two candy canes in the center, facing each other to form a heart. Be sure to keep the wrappers on. (Mini canes would also be cute.)
4. Write a message in the center of the candy heart or along the outside. Don't forget to sign the inside of the card, too.

Summer Activity

"500"

WHAT YOU NEED:

- A Ball
- A Couple of Friends

HOW TO PLAY:

One person is the thrower, and everyone else clusters about throwing distance away from the thrower. The thrower toss the ball in the air towards everyone else and announces a number between 50 and 500, like so: "I've got 200 up for grabs". If a kid catches it they get as many points as the thrower yelled. If someone drops it though, they lose the same number of points (negative score are possible). The first person to get 500 points wins and become the thrower for the next game.
