

**How to design a collage
using Japanese Mon
(family crests)
as inspiration**

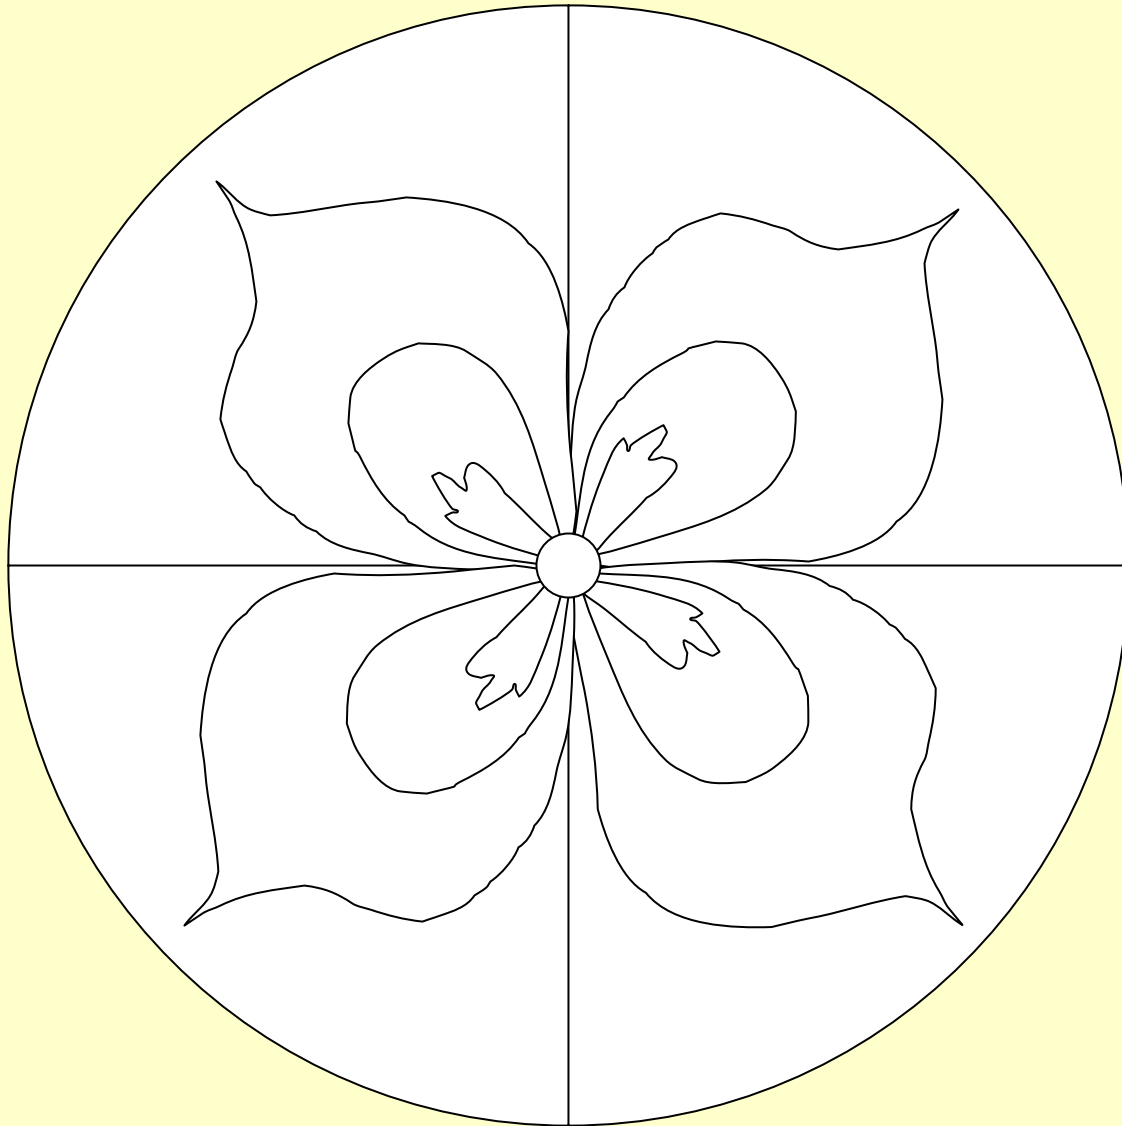

**Start with
your divided
circle**

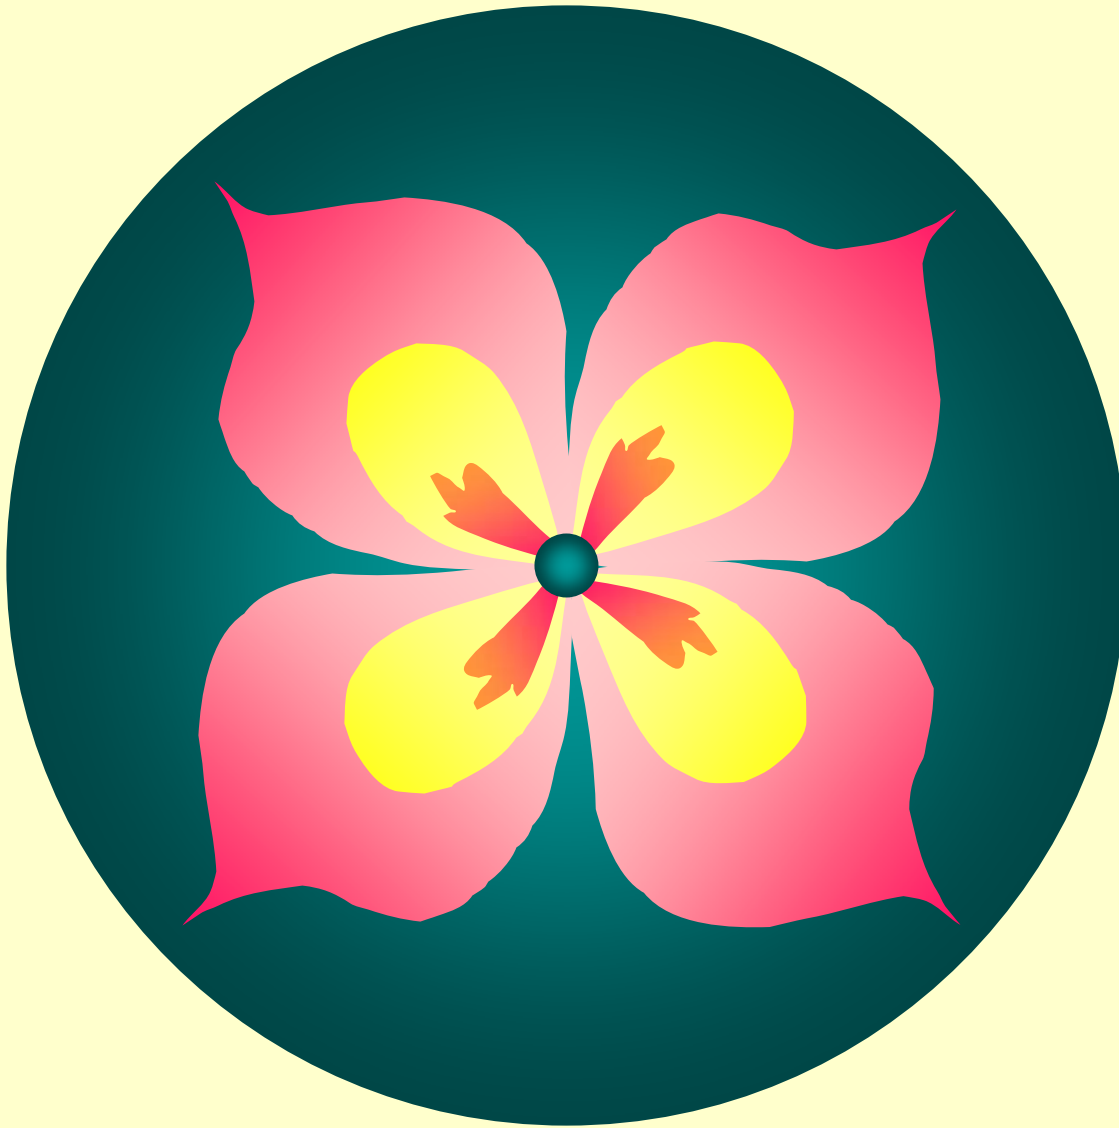

Design one section...

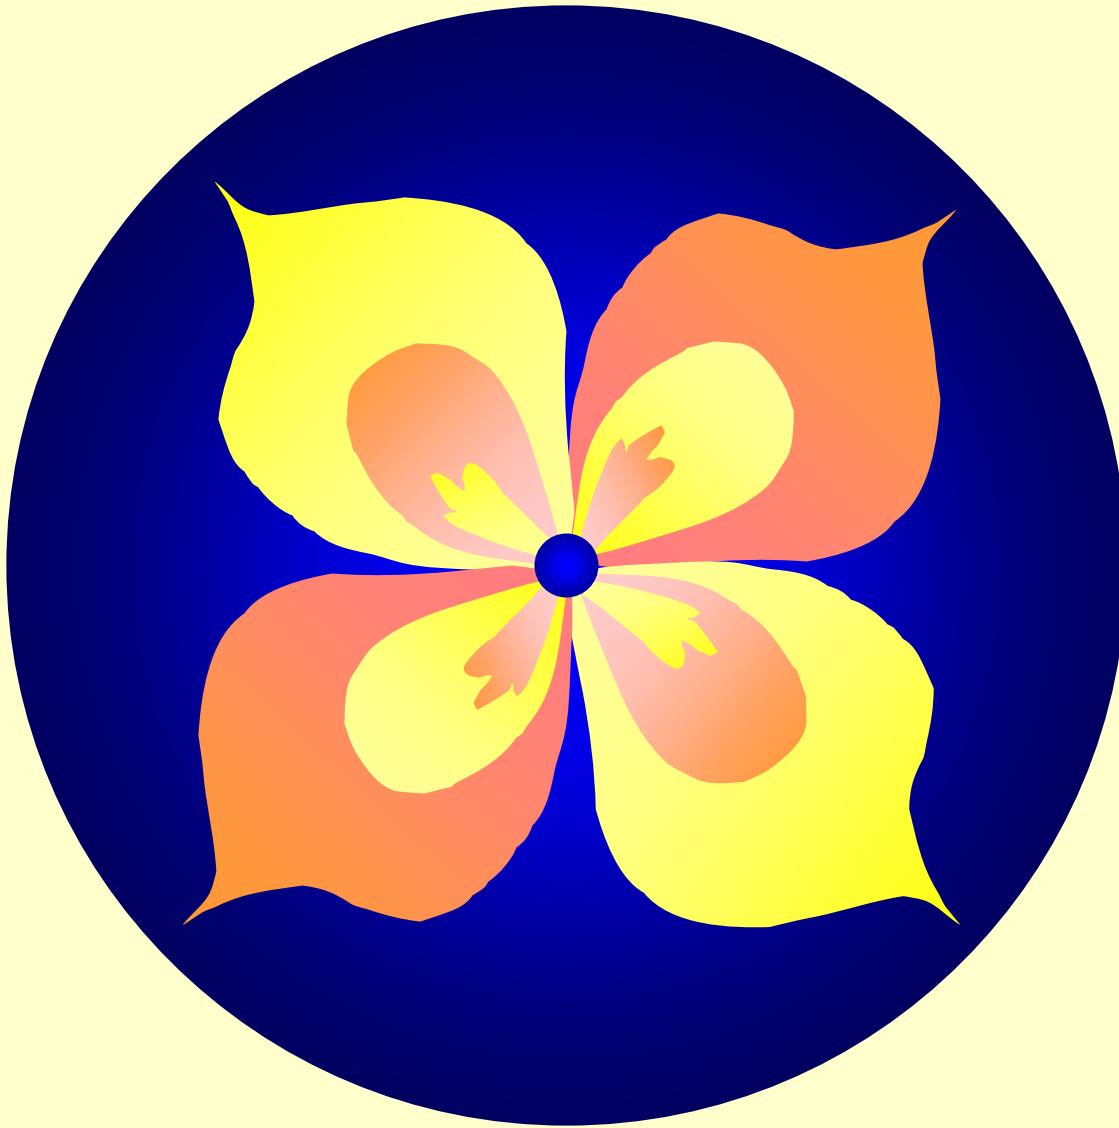

...and copy it in every other section

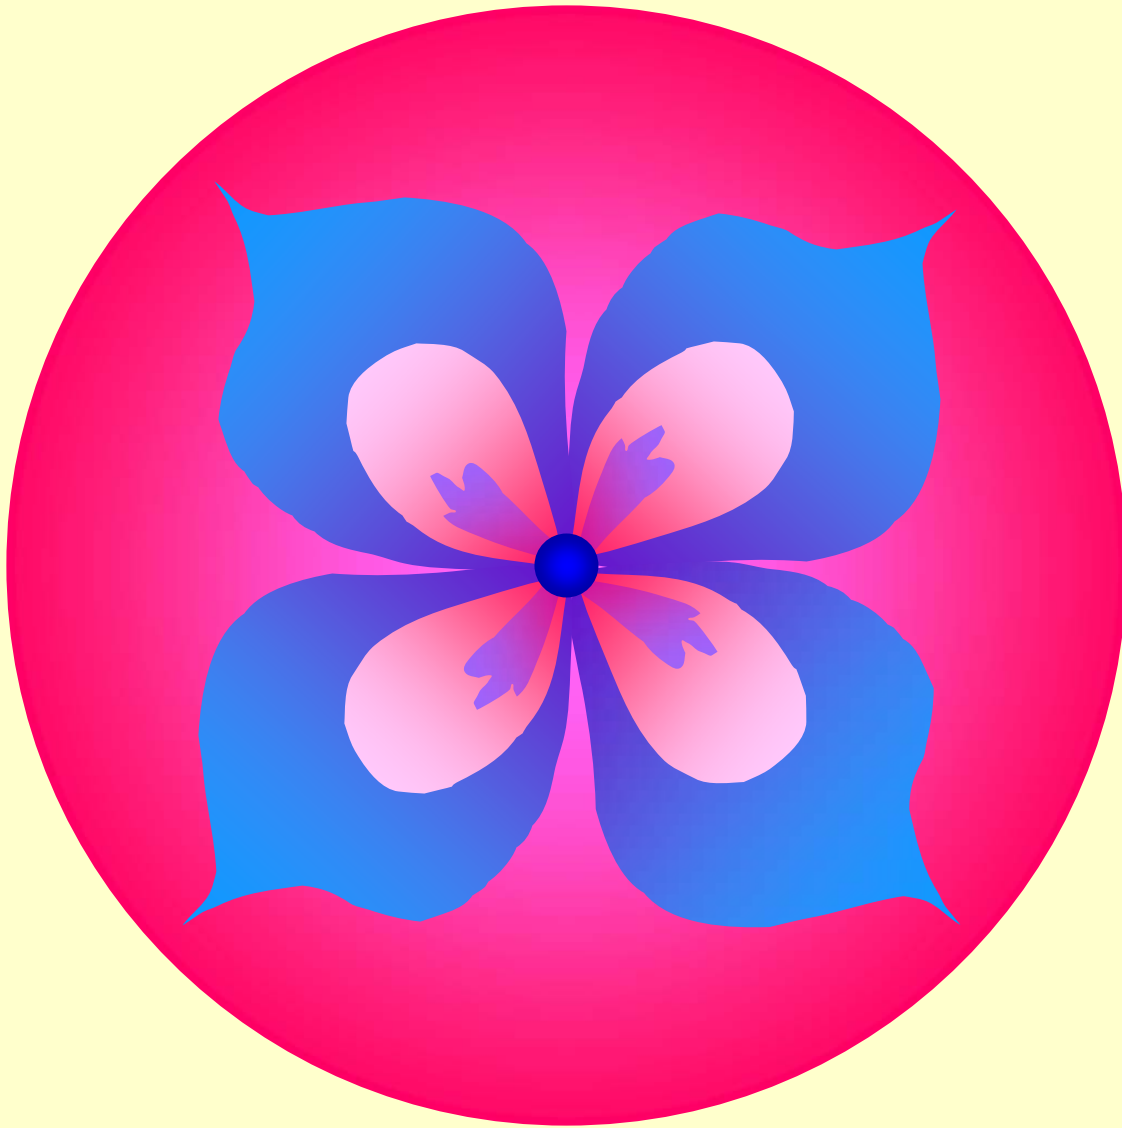

**Consider
all your
color
choices**

**Each
section
could be
identical..**

**...OR
colors
could
rotate
around
the circle!**

**What color
combinations
can you
create?**

**Examples
from
previous
students**

**Can you tell
how many
sections each
circle has?**

**Note the extra
elements at
the bottom of
each design**

**This one
has three
sections...**

**...panels,
a fan and
one bead**

WOW!
How many
sections is
this?

Two beads
a panel
and a
border

**Easy!
Three
sections!**

**A fan, two
beads, a
tiny panel,
a border
and
calligraphy**

**Three
sections,
with a
twist!**

**Two beads,
calligraphy
and a
border**

**Again,
three
sections**

**A fan with
two beads, a
panel and a
border**

**Six
sections**

**A wide
panel, and
a twisted
root with
three beads**
