

## Test of Essential Academic Skills

As part of the application process, The University of Tennessee at Chattanooga School of Nursing is requiring students to take the Test of Essential Academic Skills (TEAS™) assessment. All students applying to the Bachelor of Science in Nursing program must take the TEAS assessment to be considered for admission to the program. To register for the exam, please fill out the ATI TEAS Registration Form below.

The TEAS™ assessment gauges students' Reading, Mathematics, Science, and English skills. To prepare for the TEAS™ assessment you may want to purchase a TEAS™ Study Guide and/or an online TEAS™ practice assessment. The TEAS™ Study Guide offers to-the-point review of key concepts covering Reading, Mathematics, Science, and English. It also offers sample questions with accompanying explanations and study/test taking skills. The online practice assessment includes 100 items designed to be reflective of the TEAS™ in both content and format. Items are proportionally representative of the live assessment in each of the four content areas. Once purchased, students may access the TEAS™ Online Practice Assessment two times at no cost. In order to maximize the learning experience, each item is accompanied by detailed rationales for all correct and incorrect responses chosen. Students can take the practice assessment via the Internet at any convenient time and location. Both the Study Guide and the practice assessment may be purchased on-line by going to [www.atitesting.com](http://www.atitesting.com). Should you have any questions you may call Assessment Technologies Institute™, LLC at 800-667-7531.
