

Learning and Leadership are indispensable to each another.
- John F. Kennedy

S U M M E R / F A L L 2 0 2 1

The LEAD multidisciplinary curricula and programs of study are designed to equip participants with an understanding of the relationship that learning plays in the leadership process; to develop reflective practitioners in a variety of organizations; to focus on the interwoven nature of leadership, decision-making, and learning; and to emphasize the competencies that individuals and teams will need as they pursue the challenges of organizational change.

Faculty Updates

Welcome to UTC, Dr. Jessica Taylor! Dr. Taylor joined the LEAD faculty as Assistant Professor this Fall. She looks forward to working with current participants in upcoming research/statistics/program evaluation courses and to working with candidates on their culminating research projects.

Please join us in congratulating Dr. Christopher Silver, LEAD Assistant Professor, on successfully defending his second doctoral degree (PhD) from the University of Tennessee at Knoxville.

In Fall 2021, the new Bachelor of Applied Science: Applied Leadership (BAS-AL) program launched. The online BAS-AL provides an online, flexible program for adult learners seeking employment or advancement in the workforce. For more information, please visit the [BAS-AL website](#).

Welcome EdD21 & PhD21 Cohorts

This Summer, we admitted two new multidisciplinary doctoral cohorts (EdD/PhD). Participants successfully completed the foundational course, Learning & Leadership Integration & Assimilation (LLIA), delivered via the Virtual Classroom this Summer and are currently enrolled in core coursework this Fall.
