CAMPUS TRANSFORMATION

• And we’re not finished building a better UTC! We’ve recently opened a new student wellness and recreation center. Our new $48 million state-of-the-art “green” library is slated to be Tennessee’s first LEED-certified library and scheduled to open in spring 2015.

ACADEMIC TRANSFORMATION
• The School of Education prepares students “in the trenches” at on-site elementary schools to bridge the gap between what you learn in a classroom and what you learn in the real world.
• College of Business is one of only 400 business schools with AACSB accreditation.
• UTC has increased its commitment to research by adding Ph.D. programs in Computational Engineering and Educational Leadership as well as a Clinical Doctorate in Physical Therapy and Occupational Therapy.
