- Questions asked related to registration/catalog are being gathered from various departments to compile a comprehensive list to get answers from the Records Office.

4. Assessment

The assessment committee has created two surveys. The student survey will be built into Banner and students will be able to access it through their MyMocsNet. The

survey will be sent to the students during peak advisement time, October 22 to November 7. The committee asks that students are encouraged from their advisors to take the survey. The results from this survey will be beneficial for the training committee when creating training material for new advisors on campus.
