

Salary/Wage Increases after July 1

The UTC fiscal year starts on July 1. Certain salary/wage adjustments may occur subsequent to that date: These include:

- Professional Increases
- Certified Professional Secretary (CPS) Certifications
- Earned College/University Degrees
- Other Professional Certifications (which may require a salary review)

As a part of the budget presentation, all units should discuss any expected salary adjustments that are expected to occur during 2011-12. The Vice Chancellor for Finance and Operations will set aside funds to cover these costs from a central budget.
