

## Assignment 2

Due by 1/27 @ midnight

Our company, KLiWin has agreed to participate in a Get Out The Word campaign on the Threats to an organization. I want you to design an educational campaign to educate the general public about Information Security Threats. Your campaign can be aimed at children, teens, young adults, adults, or seniors. Be sure and state your intended audience and gear your campaign to it. Use your imagination in developing your campaign.
