

## **Assignment 3**

### **Law Paper**

**Due Date: 2/10 at 11:59**

Write a paper following the directions provided in How To Write a Research Paper. Your paper should deal with the Information Security Aspects of the Law you chose in class. You may come to me with questions you have after you have done some research on the topic.

Your paper must describe the law with an emphasis on the areas that impact information security and assurance. You should also address its relevance and impact on information and assurance.

This is a formal paper. Spelling, punctuation, sentence structure and paper structure will be considered in your grade. Your paper should be 5-10 pages double spaced, Arial 12 font, 1 inch margins. The 5 pages should not include the title page and the bibliography. Use any standard format with a preference to ACM format.

Use the assignment feature for the submitting the paper. I will not accept your paper through email.
