

The University of Tennessee at Chattanooga
Department of Computer Science and Engineering
Assistant Professor Position

The Department of Computer Science and Engineering (CSE) at the University of Tennessee at Chattanooga invites applications from exceptionally qualified candidates in Computer Science or Computer Engineering for a tenure-track faculty position at the Assistant or Associate Professor level beginning August 1, 2017. A Ph.D. is required and strongest consideration will be given to candidates with a strong record of scholarship in data science areas including machine learning, data-intensive analytics in smart cities and infrastructure sensing, data mining, unstructured data analysis, modeling and simulation, or predictive analytics. Experience applying this core knowledge to urban, medical and/or social science is desired.

The CSE department (www.utc.edu/Academic/ComputerScienceAndEngineering/), part of the College of Engineering and Computer Science, offers an ABET accredited B.S. degree, a M.S. degree, and a PhD degree in Computation Science: Computer Science. The department has received certification by the CNSS, NSA, and DHA as a National Center of Academic Excellence in Information Assurance Education.

Review of applications will begin immediately and will continue until the position is filled. Applications should include a cover letter, teaching and research statements, current curriculum vita, three letters for recommendation, unofficial transcripts, and the names, addresses, and telephone numbers of at least three references. Send materials electronically facultyvitae35@utc.edu.

Designated as a community engagement university by the Carnegie Classification of Institutions of Higher Education, UTC is the second largest campus in the UT System with state of the art teaching and experimental facilities.

The University of Tennessee at Chattanooga is an EEO/AA/Title VI/Title IX/ Section 504/ADA/ ADEA institution in the provision of its education and employment programs and services. All qualified applicants will receive equal consideration for employment without regard to race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identify, age, physical or mental disability, or covered veterans status.
