Thank you very much

Forty years ago the average cost of a new house was $27,550; women were allowed to compete in the Boston Marathon for the first time since the race was established in 1897; UTC had been established for just three years. Two UTC appointments made in 1972 have endured: Mike Biderman joined the Department of Psychology and Alan White accepted a position in the Department of Art.

Biderman and White were among 172 faculty and staff honored on at the 2012 Service Awards luncheon held at the University Center.

“The longevity of distinguished service we celebrate today is truly remarkable and speaks well of both the employees and the University. The collective service of the 172 faculty and staff totals an incredible 2,230 years!” said Chancellor Grady Bogue.

Both Bogue and President Joe DiPietro expressed their appreciation for the dedication of all the honorees.

Mary Roland celebrates 30 years of service with Chancellor Bogue and President DiPietro.

Holiday dates to remember

We'd eaten the last turkey sandwich so the timing was great for the Campus Holiday Open House.

Here are some other end of semester dates.

DEC 1: 11 a.m., MAINx24 EPB Southside Parade
DEC 5: 10 a.m.-2 p.m., buy two UTC cookbooks for $25 at the UTC Bookstore.
DEC 8: 8 p.m., Holiday Starlight Parade, downtown
DEC 15: 10 a.m., UTC Commencement
DEC 25: special programming on WUTC-FM
DEC 24-28; JAN 1: put your feet up for the Winter Holiday

It’s especially important to change passwords periodically if you use the same password for more than one system. Pick something you can remember so you won’t have to write it down, but make it hard for others to guess.

—— Dr. Joe Dumas, UC Foundation Professor Engineering and Computer Science
