Record-breaking students

UTC has done it again — we have enrolled a record 11,674 students, a slight increase over last year. Numbers are not in across the state, but our campus appears to be one of only a handful of campuses that did not lose enrollment this year. Our freshman class grew by 2.5 percent to a record enrollment of 2,338.

This year, the freshman class is not only bigger, it's better. These students have an ACT composite score of 23.2, the highest we have recorded at the University and surpassing both the national (21.1) and Tennessee (19.7) averages. The average high school GPA of this class is also at an all-time high of 3.40.

“Academic credentials for the freshman class verify UTC is the top choice for the best and brightest students. This class will add relative value in the classroom and community as we continue our metropolitan mission,” said Yancy Freeman, Assistant Provost for Enrollment Services.

UTC was Tennessee’s only public institution of higher education to grow in enrollment in 2012. Our campus benefits from a reputation for outstanding teaching and meaningful research experiences for our students.

Coming soon

The Office of Human Resources announces the open enrollment period to change 2014 insurance coverage: October 1 - November 1. A list of available changes can be found at www.utc.edu/benefits.
