

School Psychology Program

Profile

Our NASP approved and CAEP accredited program is an Educational Specialist (Ed.S.) degree. We are a 66-credit hour program that takes approximately 3 years to complete., at a full-time student pace. Additionally, we do offer a part-time enrollment option.

Admission Information

The Graduate School begins emailing admissions decisions in April. Intention to enroll should be sent to the email below by May 1st so that waitlisted students can be admitted.

Other Campus Resources

There are additional graduate student resources on campus. Such resources include:

- Graduate Student Association
- Counseling Center
- Center for Women and Gender Equity
- Multicultural Affairs
- University Career Center

Mission Statement

The mission of the school psychology program is to produce graduates who meet NASP accreditation standards as well as state licensure and national certification requirements. Graduates will provide critical and essential psychological services to schools and community organizations. These professional leaders and advocates will provide multiculturally responsive services to children, adolescents, school professionals, families, and communities.

Tuition

The following tuition calculator can give you a personalized cost estimate.

Financial Aid

Financial aid is a little different for Graduate Students. The main options for covering costs are scholarships, Graduate Assistantships, and loans. Learn more at the link below:

Graduate Assistantships*

UTC offers full-time (20 hours per week) and part-time (10 hours per week) GA positions that come with scholarships to cover tuition cost and monthly stipends. Once you've completed the online application, you can submit it to a specific college, or you can contact departments directly to see if they are hiring. Below are a few departments that hire graduate assistants:

- College of Education, Health, and Professional Studies
- Office of Equity and Diversity
- Office of Student Engagement
