

Prepare Students to Participate in Class

Link this Canvas Course to your iClicker Reef profile

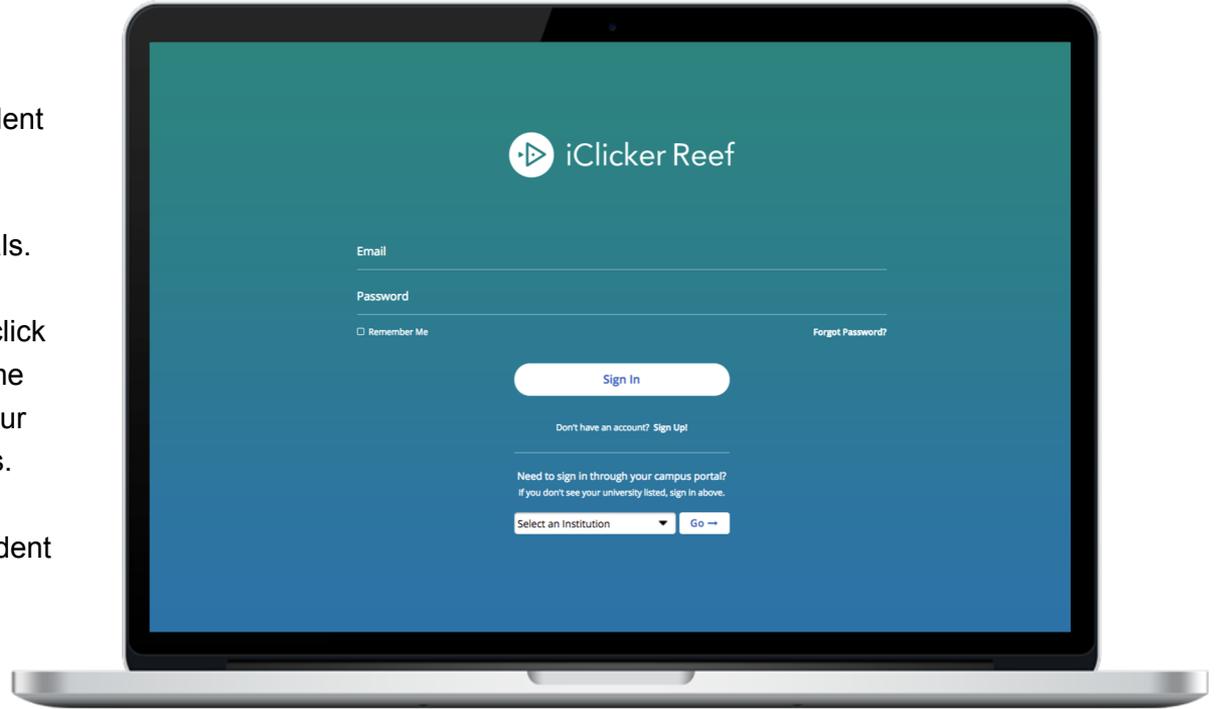

From a browser, in **Canvas**, there is a link in the side navigation called iClicker Sync.

****You must click on this link at least once this semester (even if you are voting in class with a physical clicker) to connect your Reef profile to this course. Grades will only transfer if you have made this connection.**

Your iClicker Reef Student Account

- The link you just clicked from the Canvas assignment will take you to this Reef student login site.
- Sign in using your iClicker Reef credentials.
- If this is your first time creating a profile, click Sign Up! And please make sure your name in this profile matches EXACTLY what your First Name and Last Name are in Canvas.
- *****Important:** Only use a single Reef student account. Creating multiple accounts may result in the loss of grade points. ***

If you are using an iClicker Remote...

If you are using an iClicker remote, you must register your remote in your Reef profile. Click **Save**.

Account Created

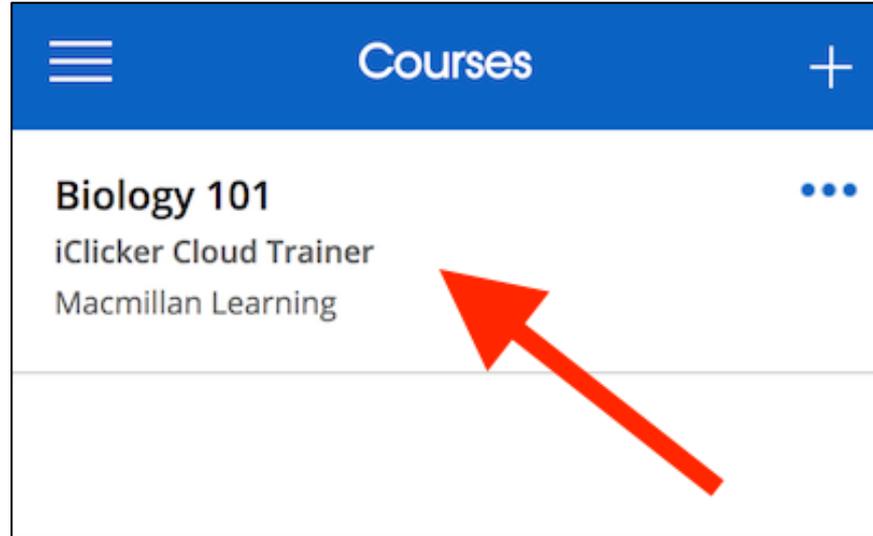

You have the option of using an iClicker remote with Reef. Would you like to register one now?

Yes, register a remote

Not at this time

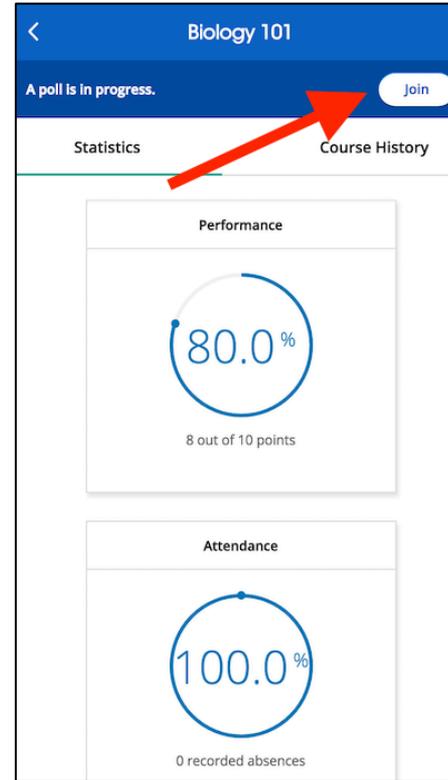

Check Your Courses List

Our course should now be added to your Courses list in iClicker Reef since you clicked through the Canvas course link.

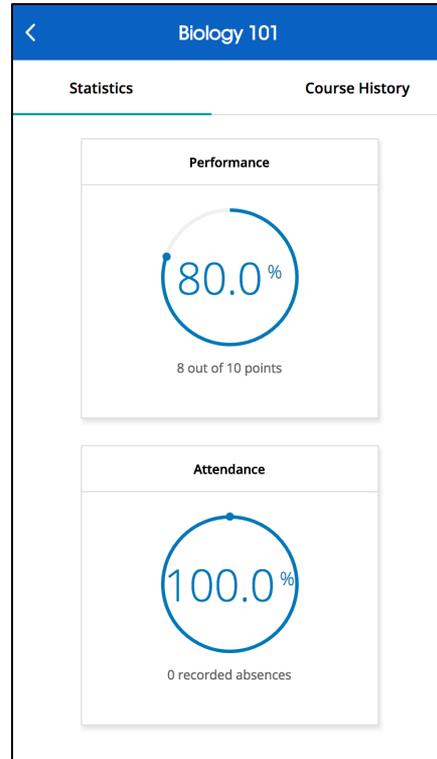

Join a Session

- I will be running sessions in class. When I start a session, you will see a “Join” button appear on your screen. Hit the Join button to participate.
- **OR**
- Power on your iClicker remote with the orange button.

Viewing Course Statistics and Course History

- The main screen of your iClicker Reef profile shows your **Course Statistics**. Here you will see an overview of your course performance for points earned in polls and/or quizzes.
- The **Course History** view shows you a detailed view of your individual session results, by date. You can select an individual session to view more details.

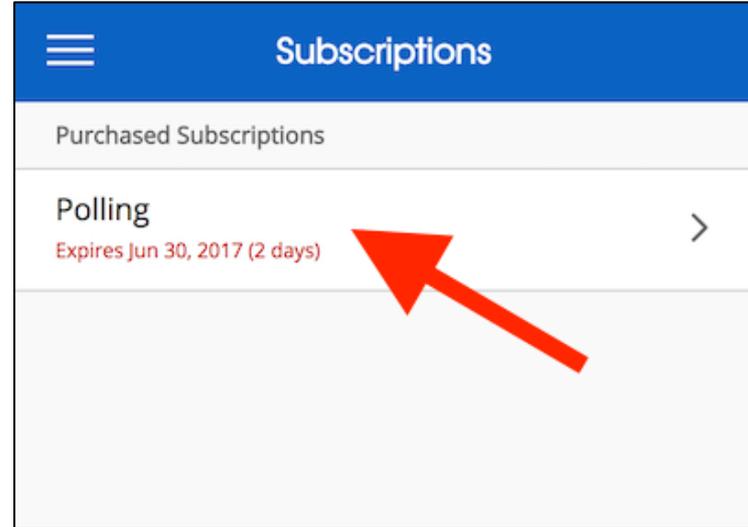

Biology 101

Statistics Course History
