Minor Requirements

All students seeking the B.A. degree must complete the requirements for a minor in the same valid catalog year as the major(s). Students completing the requirements for two majors satisfy the requirement for a minor. Students completing two concentrations within the same major must still complete a valid minor in a different discipline. For students seeking the B.A. and B.S., the B.S. major will satisfy the minor requirement.

Students may complete an established minor requiring a minimum of 18 credit hours with at least 8 credit hours at the 3000/4000 level. Students must earn a GPA of 2.0 for courses attempted for any minor. Higher standards than these may be required for some minors. Specific requirements for minors are listed with the departmental offerings.

~~Students cannot major and minor within the same program. No more than 6 hours of credit in the major program may be applied to a minor.~~

Students receiving one minor in a given department may receive a second minor provided that the second minor includes at least 12 credit hours of course work not included in the first minor.
