Strength of your undergraduate science GPA, the average science GPA of an accepted medical school student is between 3.7 and 3.9	1 2 3 4 5		
Science Understanding			
Assessment	Score (1-5)	Evidence	Any failed courses
Rate of your science understanding overall	1 2 3 4 5		
Rate of your understanding of Chemistry (number of attempts, final grade, grasp of the material)	1 2 3 4 5		
Rate of your understanding of Biology (number of attempts, final grade, grasp of the material)	1 2 3 4 5		
Rate of your understanding of Physics (number of attempts, final grade, grasp of the material)	1 2 3 4 5		
Rate of your understanding of Organic and Biochemistry (number of attempts, final grade, grasp of the material)	1 2 3 4 5		
Rate of your understanding of Psychology and Sociology (number of attempts, final grade, grasp of the material)	1 2 3 4 5		

Short Answer
Describe yourself and your desire to enter medical school in 2-3 sentences:
A profession in healthcare can be very demanding both physically, mentally, and emotionally. In 2-3 sentences explain how you would cope with those demands

A successful medical school application is strengthened by contributions from varied perspectives. Describe what your commitment to diversity, equity, and inclusion looks like in practice in 3-4 sentences.

Please list your fall schedule below as well as any times you would NOT be able to attend a 2-hour workshop
