POINT SYSTEM GUIDELINES

The purpose of the RHA point system is to ensure that delegates are provided with:

1. The opportunity to remain active and visible on campus
2. Student involvement opportunities and activities to support student success through formal and informal learning experiences
3. An opportunity to obtain leadership, planning, teamwork and organization skills through programming, leadership conferences, and community involvement

POINT SYSTEM REWARDS

Point system rewards are required for the semester. If you have points to turn in that have not already been documented, please email Annie Mabon at RHA@mocs.utc.edu.

- **30-35 Fall / 15 for spring Points: Priority Housing Registration:** Delegates will be able to sign-up for a room of their choice before housing applications open up to other students, contingent of budget and space for housing. There is a limit to the number of people that can sign up for each residence hall.
- **20 points in fall/ spring EOS RHA Dinner:** All delegates will be invited to the end of the semester dinner, but those who reached the maximum points for that specific semester will be rewarded.

FAQ

- 1.) How will points be documented?

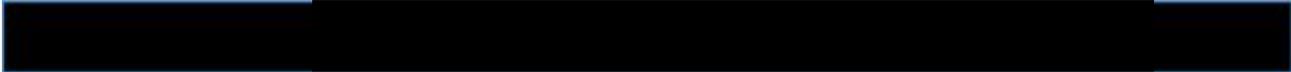

Points will be documented in a spreadsheet that contains all of the delegate's names, how many points they have turned in, and what those points are for.

2.) When do I turn in my points?

Every other Wednesday the delegates will be asked if they have any points to turn in; they will be allowed to turn these points in after the RHA meeting.

3.) How will you know I did what I was supposed to do to receive my points?

In order to ensure everyone is rewarded for their work and not given any free points, activities will have to be proven via screenshot, sign-in sheet, picture, etc. Discuss with vice president for planning events.

A student who excels in adapting to a new environment within their residence hall, takes an active role in their community, and positively impacts those around them. A delegate that emphasizes what this community has done and how it has supported others both within and outside their community. The submission should illustrate what brings a group of individuals together and how they work as a group to accomplish their goal during the month of nomination.
