E. Number of paychecks remaining in 2020

This is the most you can contribute per paycheck

(You can preload and use more but you must complete a second form shutting down the larger contribution)

Amount you elect to contribute to your HSA per paycheck

Can be any amount up to or less than F

instead of a year long payroll deduction you also have the option to "front load" your HSA account and then stop deductions after you reach the IRS max. (ex: elect four (4), $887 deductions during the beginning of the year and then stop the deduction.)

By signing this form, I am requesting that payroll deductions be started or changed as shown in Section 3 above and agree to the preceding terms. I understand there are maximum limits I can contribute to my HSA per IRS rules and I may be liable for tax penalties if I exceed this amount.

This request replaces any previous payroll deduction requests for my HSA.
