

University of Tennessee at Chattanooga and Chattanooga State
Community College invite you to the
2018 Physical Therapy Forum
January 25, 2018

**"Pain Neuroscience in Physical Therapy:
Understanding Pain to Improve Patient Outcomes"**
Presented by: Craig Wassinger, PT, PhD

This year we are pleased to announce that Dr. Craig Wassinger, associate professor at East Tennessee State University, will be our guest speaker at the 2018 Physical Therapy Forum. Craig has over 70 peer reviewed publications and presentations within the musculoskeletal arena. He has been researching various aspects of musculoskeletal pain and pain science for the past 10 years. In 2015, he received his certification as a Therapeutic Pain Specialist through the International Spine and Pain Institute. His current roles related to pain science and physical therapy include: membership on the clinical practice guidelines development group on patient education for chronic pain, Practice Committee Chair for the Pain Management Special Interest Group of the Orthopedic Section of APTA, and research collaborator with the International Spine and Pain Institute.

You will receive Class 1 CEU's and a lunch provided by our sponsors:
