PETITION PROCEDURE

This petition provides students the opportunity to receive credit towards a specific General Education requirement for courses taken at other institutions that appear to meet UTC's General Education standards, but do not have an exact equivalency to UTC General Education courses.

- Note: UTC courses that have not been certified for the General Education curriculum may not be used to satisfy any General Education requirement. Consequently, student petitions seeking credit for non-certified UTC courses will not be accepted by the Office of the University Registrar or the General Education Committee.

To request review of either type of course, students must follow the procedure stated below.

1. Complete this petition form.
2. Secure the required supporting documentation. **Each petition must include:**
 - current MyMocsDegree Evaluation;
 - course description for each course (from the appropriate college catalog); and
 - course syllabus for each course (from your own records or the course instructor).

You may also attach an expanded justification of your request.

3. **Submit one (1) copy** of the petition form and attachments to the relevant general education department head, who will review the material and act upon the petition. (For instance, a Biology course would go to the Biology department head.)

After acting on the petition, the relevant general education department head will forward the petition and its supporting documentation to the student's program department head for review and action. The student's program department head will forward the petition to the Office of the University Registrar.

OUTCOMES

- If the petition is approved by both department heads it will be forwarded by the program department head to the Office of the University Registrar and General Education credit will be given for the course(s). You will also receive an email indicating that the petition has been granted. **No further action is necessary.**
- If either department head refers the petition to the General Education Committee, the program department head will forward the petition to the Office of the University Registrar. The Office of the University Registrar will forward the petition and all supporting materials (including your academic record) to the General Education Committee for review and action. The General Education committee will then make the decision about granting the petition and you will be informed of the outcome via email.
- **If the petition is denied** by either or both of the department heads, you will receive an email indicating that the petition has been denied. You have the option of appealing the decision and asking the General Education Committee to grant the petition.

To file an appeal:

- a. Pick up the petition and its supporting documentation from the department head of your program.
- b. Take the petition and supporting documentation to the Office of the University Registrar in 125 University Center. The Office of the University Registrar will then forward the petition and all supporting materials (including your academic record) to the General Education Committee for review and action. After the General Education Committee has acted on the appeal, you will receive an email informing you of the outcome.

If you have questions regarding the completion of this form or the petition process, contact the Office of the University Registrar at (423)425-4416.
