GUIDELINES FOR AWARDING A POSTHUMOUS DEGREE:

A posthumous degree may be awarded to a student who dies before the projected graduation date. The award of posthumous degrees is generally limited to those individuals who have completed all academic requirements for the degree. However, students who were nearing completion of degree requirements at the time of their death may be considered on an individual basis.

Requests for a posthumous degree are submitted by the Dean of the appropriate college to the Provost and Chancellor for their approval. Approved requests are sent to the President of the UT System for his or her approval.

Although awarding a posthumous degree is not automatic, to be considered, a student must meet these minimum requirements:

- Good academic standing
- Near completion of degree requirements
- Minimum Institutional Cumulative and Major GPA graduation requirements

A student not meeting these minimum standards may be considered for such an award under extraordinary circumstances.
