

THE GRADUATE SCHOOL FACTBOOK 2019

 THE UNIVERSITY OF TENNESSEE
CHATTANOOGA

A MESSAGE FROM THE DEAN

Welcome to our 2019 Graduate School Factbook!

I am pleased to present the 2018-19 Annual Report from the UTC Graduate School.

Graduate education has become increasingly important at local, state and national levels. As such, we interact with our student population, programs and community partners to better prepare our graduates for success.

The Graduate School serves a highly motivated and talented student body. We work with our academic programs to provide rewarding graduate educational experiences for our students. Overall, we are committed to providing quality education to our students and better prepare them for the global workforce.

Programs across campus continue to grow and develop new opportunities to positively impact student success. One highlight was the approval of a new graduate program, the Master of Science in Data Analytics. Offered by the Gary W. Rollins College of Business, this new degree has both a Business Track and a Computer Science track to meet the broad interests and needs of our community and students.

The Graduate School

- Dr. Joanne G. Romagni
Vice Chancellor for Research & Dean of
the Graduate School

HISTORY OF ADVANCED DEGREE PROGRAMS

The first advanced degree program, theology, was offered in 1886 when the University of Tennessee at Chattanooga was known as Chattanooga University. The degree in theology was followed by degrees in medicine and law. In 1910, advanced degrees were discontinued at the institution.

It was not until 1942 that a post baccalaureate degree, as we know it, was offered. A master's degree in music was approved in 1942 and was followed in 1948 by a master's degree in education. After this modest beginning, the University added four or five graduate programs each decade until the 1990s when six new programs were added. Currently, there are 15 graduate certificates, 22 master's degrees, 1 education specialist and 6 doctoral degree programs.

When the University of Chattanooga and City College merged with the University of Tennessee in 1969, the merger agreement stated that UTC would “become a doctoral-granted institution as soon as practicable.” UTC awarded its first doctor of philosophy (Ph.D.) degree in Computational Engineering in December 2004. The Graduate School continues to grow and build new degree programs, such as the new masters of data analytics degree. Looking to the future, we continue to interact with our community to modify existing programs as well as build new graduate programs.

FACT SUMMARY

THE UNIVERSITY OF TENNESSEE AT CHATTANOOGA 2018-2019 FACT SUMMARY

STUDENT ENROLLMENT FALL 2018

	HC	FTE
Undergraduate	10,239	9,404.1
