

## Welcome to UTC!

### Transfer Student Checklist

- Set up your UTC account. Check your Mocs Mail account on a daily basis. This is the official form of communication between UTC staff, faculty, and students. All important announcements regarding official UTC business will be sent to this email account.
- Send official copies of all transcripts to UTC Admissions ASAP. If you are currently enrolled in classes, you'll need to send an additional transcript once your final grades are posted.
- Sign up for New Student Orientation. Orientation is required for fall and spring transfer students. Students transferring during a summer session are strongly encouraged to sign up for the online orientation. You will register for classes during orientation.
- Submit the Certificate of Immunization. To avoid a registration hold, please make sure you have submitted your Certificate of Immunization form to Student Health Services before attending orientation.
- Transfer your Financial Aid.
- Apply for Housing if you plan to live on-campus. Transfer MOCS is a living, learning community for new transfer students. If interested, please complete the general housing application and the Transfer MOCS application. Transfer MOCS students will be living in the Decosimo Apartments during the 2016-2017 school year.
- Get your official UTC student ID in the Mocs Card Office.
- Purchase a parking permit. If you plan on driving to campus, you will need to purchase a parking permit each academic year.
