**Cost: \$3.00 per student OR \$300 minimum (\$150-Virtual program)**

Total amount owed \$ \_\_\_\_\_

\*\*\*\*\*Title 1 schools in Hamilton County are EXEMPT from this cost for the 2021-2022 school year\*\*\*\*\*

**CK, Now! Schedule: REQUIRED CLASSES (30 minutes total):**

Moc College Orientation (Video, College Student led PowerPoint presentation)– *Duration: 20 minutes*

Final Exam (Effectiveness Online Survey & Wrap-up discussion (Survey link will be provided)) – *Duration: 10 minutes*

**ELECTIVE CLASSES:** (Please **circle or highlight** the activities you want your students to participate in given your time frame). **At minimum, choose one of the three options below.** \*All electives will last approximately 30 minutes. If all electives are chosen, please plan for a 2.5-hour time slot.

1. **Career Cluster:** This elective is a virtual discussion that engages students and teaches them about their future career options. Due to remote learning, we have documents that we can screen share and go over with the students. This activity gets students thinking not only about what they want to do but learn about special qualifications and potential salaries as well!
2. **Beyond the Classroom:** A college student-led discussion on what else college has to offer! Although academics are a priority, college students like to have fun too! Young students are encouraged to participate in this activity and talk about their own dreams they have for college. This discussion can include **internships, sorority and fraternity life, sports, clubs and so much more!!!**
3. **Tappin' Into Terminology:** A list of college terms and real-life examples will be given to students. We will work through these as a group and students should have an understanding by the end of the virtual meeting. This elective includes a trivia game to get kids not only pumped up, but eager to remember the material!
