

# UTC OFFICE OF FINANCIAL AID

## 21-22 Cost Estimate Worksheet

<p><b>Step 1</b> - Go to <a href="http://www.utc.edu/bursar/fee-information/fee-estimator.php">http://www.utc.edu/bursar/fee-information/fee-estimator.php</a> and use the Tuition Estimator to estimate your charges for the semester. Enter the amount to the right. <i>Note- New tuition rates will be available by July</i></p>	<p align="center"><b>Estimated Semester Charges</b></p> <p align="center">\$ _____</p>	<p align="center"><b>Estimated Year Charges</b> <i>(multiply semester amount by 2)</i></p> <p align="center">\$ _____</p>
<p><b>Step 2</b> - Enter the amount of your grant and scholarship aid below and total this amount to the right.</p> <p>Pell Grant        \$ _____/yr</p> <p>TSAA                \$ _____/yr</p> <p>Hope Scholarship \$ _____/yr</p> <p>UTC Scholarship \$ _____/yr</p> <p>Other                \$ _____/yr</p> <p>Other                \$ _____/yr</p>	<p align="center"><b>Semester Scholarship/Grant Total</b> <i>Add amounts from the left and divide by 2</i></p> <p align="center">\$ _____</p>	<p align="center"><b>Year Scholarship/Grant Total</b> <i>Add amounts from the left</i></p> <p align="center">\$ _____</p>
<p><b>Step 3</b> - Calculate net price (this is the estimated cost to attend UTC). <i>A positive amount is the net price and a negative amount is the amount of the refund.</i></p>	<p align="center"><b>Semester Estimated Net Price</b> <i>Subtract Scholarship/Grant Total from charges.</i></p> <p align="center">\$ _____</p>	<p align="center"><b>Year Estimated Net Price</b> <i>Subtract Scholarship/Grant Total from charges.</i></p> <p align="center">\$ _____</p>
<p><b>Step 4</b> - Enter the amounts in offered loans and total the amount to the right. <i>(Note: there is a 1.057% origination fee on student loans and a 4.228% origination fee on PLUS loans)</i></p> <p>Direct Subsidized Loan        \$ _____/yr</p> <p>Direct Unsubsidized Loan        \$ _____/yr</p> <p>Parent PLUS loan                \$ _____/yr</p> <p>Perkins Loan                        \$ _____/yr</p> <p>Private Loan                        \$ _____/yr</p>	<p align="center"><b>Semester Loan Total</b> <i>Add loan amounts from the left and divide by 2</i></p> <p align="center">\$ _____</p>	<p align="center"><b>Year Loan Total</b> <i>Add loan amounts from the left</i></p> <p align="center">\$ _____</p>
<p><b>Step 5</b> - Calculate remaining balance or amount of refund. <i>A positive amount is a balance owed and a negative amount is the amount of the refund.</i></p>	<p align="center"><b>Estimated Balance/Refund</b> <i>Subtract loan total from net price.</i></p> <p align="center">\$ _____</p>	<p align="center"><b>Estimated Balance/Refund</b> <i>Subtract loan total from net price.</i></p> <p align="center">\$ _____</p>
<p><b>STOP here if the number above is a negative number. This is your estimated refund.</b></p>		
<p><b>Step 6</b> - Balance owed can be paid using the Tuition Installment Payment Plan. <i>The balance can be divided into 4 monthly payments each semester. A \$30 fee is added to the first month.</i></p>	<p align="center"><b>Estimated Monthly Payment</b> <i>Divide the remaining balance by 4</i></p> <p align="center">\$ _____</p>	<p align="center"><b>Estimated Monthly Payment</b> <i>Divide the remaining balance by 8</i></p> <p align="center">\$ _____</p>
