

Electrical Technician

12-Month Course | Enroll Anytime | Online Self-Paced

A. Math

1. Math Fundamentals 101
2. Math: Fractions and Decimals 111
3. Units of Measurement 112
4. Basics of Tolerance 121
5. Blueprint Reading 131
6. Geometry: Lines and Angles 151
7. Geometry: Triangles 161
8. Geometry: Circles and Polygons 171
9. Trigonometry: The Pythagorean Theorem 201
10. Trigonometry: Sine, Cosine, Tangent 211
11. Statistics 231

B. Inspection

1. Basic Measurement 101
2. Introduction to GD&T 301
3. Major Rules of GD&T 311
4. Inspecting a Prismatic Part 321
5. Inspecting a Cylindrical Part 331

C. Safety

1. Intro to OSHA 101
2. Personal Protective Equipment 111
3. Noise Reduction and Hearing Conservation 121
4. Respiratory Safety 131
5. Lockout/Tagout Procedures 141
6. SDS and Hazard Communication 151
7. Bloodborne Pathogens 161
8. Walking and Working Surfaces 171

9. Fire Safety and Prevention 181
 10. Flammable/Combustible Liquids 191
 11. Ergonomics 102
 12. Safety for Lifting Devices 211
 13. Powered Industrial Truck Safety 221
 14. Confined Spaces 231
 15. Environmental Safety Hazards 241
 16. Machine Guarding 140
- D. Quality and Manufacturing Management
1. Lean Manufacturing Overview 101
 2. Essentials of Leadership 110
 3. Essentials of Communication 120
 4. ISO 9001: 2015 Review 122
 5. Continuous Process Improvement: Managing Flow 124
 6. Manufacturing Process Applications: Part I 124
 7. Continuous Process Improvement: Identifying and Eliminating Waste 125
 8. Manufacturing Process Applications: Part II 125
 9. Managing Performance: Best Practices 130
 10. Approaches to Maintenance 131
 11. Managing Performance: Corrective Actions 135
 12. Total Productive Maintenance 141
 13. Conflict Resolution Principles 150
 14. 5S Overview 151
 15. Conflict Resolution for Different Groups 155
 16. Team Leadership 160
 17. Intro to Six Sigma 171
 18. Quality and Customer Service 175
 19. Manufacturing Management 180
 20. Troubleshooting 181
 21. Personal Effectiveness 190
 22. Conducting Kaizen Events 191
 23. Managing the Diverse Workplace 210
 24. SPC Overview 211
 25. Harassment and Discrimination 215
 26. TS 16949:2009 Overview 221
 27. Interpreting Blueprints 230
 28. Performance Management and the Law 230
 29. Metrics for Lean 231
 30. Process Flow Charting 241
 31. Strategies for Setup Reduction 251

- 32. Preventative Maintenance for Fluid Systems 261
- 33. Management Tools: Problem Solving 270
- 34. Six Sigma Goals and Tools 310
- E. Machining
 - 1. Safety for Metal Cutting 101
 - 2. Metal Cutting Fluid Safety 231
 - 3. Introduction to CAD and CAM for Machining 241
- F. Electrical/Mechanical Systems and Motor Controls
 - 1. Electrical Units 101
 - 2. Safety for Electrical Work 111
 - 3. Forces of Machines 121
 - 4. Introduction to Circuits 201
 - 5. Relays, Contactors, and Motor Starters 201
 - 6. Introduction to Magnetism 211
 - 7. DC Circuit Components 221
 - 8. Distribution Systems 221
 - 9. NEC Overview 231
 - 10. AC Fundamentals 241
 - 11. Electrical Instruments 251
 - 12. Electrical Print Reading 261
 - 13. DC Power Sources 271
 - 14. AC Power Sources 281
 - 15. Conductor Selection 291
 - 16. Series Circuit Calculations 301
 - 17. Introduction to Electric Motors 301
 - 18. Parallel Circuit Calculations 311
 - 19. Symbols and Diagrams for Motors 311
 - 20. Logic and Line Diagrams 312
 - 21. Battery Selection 321
 - 22. Limit Switches and Proximity Sensors 360
- G. PLCs
 - 1. Basics of Siemens PLCs 200
 - 2. Intro to PLCs 200
 - 3. Siemens PLC Hardware 210
 - 4. Hardware for PLCs 210
 - 5. Siemens PLC Communication 230
 - 6. Networking for PLCs 270
 - 7. Siemens PLC Inputs and Outputs 240
 - 8. PLC Inputs and Outputs 240
 - 9. Siemens Human Machine Interfaces 250

10. Siemens SIMATIC Modular PLCs 260
11. Hand-Held Programmers of PLCs 280
12. Overview of PLC Registers 305
13. Siemens SIMATIC S7-1200 PLCs 340
14. Siemens SIMATIC S7-1500 PLCs 350
15. Siemens Safety Integrated for Factory Automation 360

H. Automation

1. Automated Systems and Control 135
2. Robot Troubleshooting 160
3. Robot Maintenance 170
4. Robot Installations 230
5. Industrial Network Integration 260

I. Fasteners

1. Intro to Fastener Threads 110
2. Overview of Threaded Fasteners 117
3. Tools for Threaded Fasteners 120
4. Overview of Non-Threaded Fasteners 125
5. Intro to Fastener Ergonomics 130
6. Properties for Fasteners 200
7. Understanding Torque 210
8. Threaded Fastener Selection 215
