## **Non-Competitive Justification Form**

**Instructions**: University policy requires that departments use existing agreements or work with Procurement Services to obtain competitive bids for all orders (purchase orders or contracts) totaling \$10,000 or more. Any request to deviate from this policy requires written justification from the requestor to Procurement Services *prior to issuance of a purchase order or contract*.

Special or unique features may be used as a consideration; however, price, quality and/or delivery terms may not be used as a basis for sole source justification. Sole source requests may not be used for the purpose of expediting a purchase which otherwise would not qualify as a sole source.

## Quick Reference Guide on what is eligible versus not eligible for a sole source purchase:

Eligible for Sole Source	Not Eligible for Sole Source
Only <b>one</b> product or service can meet the department's specific need and the product or service is available from only <b>one</b> source	I have worked with this supplier in the past and liked their work/products
This product or service must be compatible or consistent with past acquisitions (example: must be compatible with existing equipment)	This supplier's pricing is better than other suppliers' pricing or this supplier is offering a discount (price is never a justification for a sole source)
This service involves highly skilled judgement, training, artistic ability, or other attributes whose quality depends on an individual's characteristics and knowledge	This supplier was recommended by a colleague
This supplier is the only one who can provide maintenance services on existing equipment that they manufactured and no one else is certified to provide the maintenance	The product is made by one manufacturer but available through multiple distributors/sources
	The supplier has provided a sole source letter
