Dear CAMPUS COMMUNITY,

UTC is dedicated to providing a campus environment that recognizes the worth and dignity of all people and the limitless value of their potential. To achieve this goal, UTC is committed to creating and maintaining a safe learning, living, and working environment free of sexual harassment, including sexual assault, domestic violence, dating violence, and stalking; sexual exploitation; and retaliation. All members of the UTC community are expected to conduct themselves in a manner that does not infringe upon the rights of others. We encourage all members of the community to report incidents if sexual harassment and misconduct, so the behavior can be addressed, and reoccurrence of the behavior can be prevented.

This Title IX Annual Report has been developed to educate the campus community and provide information about UTC’s overall Title IX compliance efforts. It also includes information about our ongoing prevention, education and training efforts, report statistics, and supportive measures implemented to support students, faculty and staff. This annual disclosure of data does not correspond with the University’s Annual Security & Fire Safety Report under the federal Clery Act because the definitions and geographic jurisdiction used by the Title IX Office differ from what is required by the Clery Act.

As always, thank you for all you do to support Title IX compliance on our campus. If you have any questions or concerns about UTC’s Title IX compliance or about Title IX in general, please contact me by phone at (423) 425-4255 or by email at anitra-barrett@utc.edu.

Sincerely,

Anitra Barrett
Title IX Coordinator

STUDENT EDUCATION AND TRAINING

This section provides details about how we conducted training for current students, new students and student-athletes.

Education was also conducted to demonstrate how students can be there for one another.

Student Education and Training Highlights

UTC provides in-person training regarding Title IX, consent, support and resources and other related topics to all incoming freshmen, transfer, graduate and international students. Freshman Orientation training is conducted by the Interim Title IX Coordinator, the Director of the Center for Women and Gender Equity and UTC Police Department’s Sexual Relationship Violence Liaison Officer. Presentations at the transfer, graduate and international student orientations were conducted by the Interim Title IX Coordinator.

New first-year, transfer, and graduate students complete Title IX education via UTC Learn (Canvas), the University’s student learning management system, which utilized several of Everfi’s online training modules to augment in-person training events. The students are required to complete an online Title IX Education and Prevention program by the beginning of their first academic semester at the University. Incoming freshmen and transfer students completed Everfi’s Sexual Assault Prevention for Undergraduates (SAPU). Incoming graduate students completed Everfi’s Sexual Assault Prevention for Graduate Students, which includes information on the same topics as SAPU, but is geared toward graduate students. The modules include information about sexual harassment and sexual violence, stalking, bystander intervention, consent and coercion, values, identities and relationships, reporting options, and support and resources.

UTC’s student-athletes complete Title IX education via UTC Learn (Canvas), the University’s student learning management system, which utilized Everfi’s Sexual Assault Prevention for Student-Athletes. The module includes information about leadership, positive values, healthy and unhealthy relationships, bullying, hazing, sexual harassment and sexual violence, consent, bystander intervention strategies, reporting options, and support and resources.

Online Education

Training to prepare students to identify the signs of healthy and unhealthy/abusive behaviors, provide ways to intervene with friends who condone and engage in abusive behavior, and how best to support friends who are experiencing abuse.
EMPLOYEE EDUCATION AND TRAINING

This section provides details about training for new and existing UTC employees and new faculty.

Education was also conducted through in-person sessions to explain mandatory reporter responsibilities.

UTC employees, new and current, completed Title IX education via K@TE, the University's employee learning management system, which utilized Everfi's online education modules. Employees completed Building Supportive Communities: Clery Act and Title IX, which takes a close look at the issue of sexual harassment, sexual misconduct, relationship violence and stalking, in higher education. Completion of this module satisfies the annual Title IX training requirement. Employees also completed Building Supportive Communities: Taking Action, which supports ongoing education requirements on ways to prevent sexual harassment, maintain a safe campus community, and prepare faculty and staff to provide supportive and effective responses when someone may have experienced sexual harassment, sexual misconduct, relationship violence and stalking. Completion of this module satisfies the annual mandatory reporter training requirement. Both modules include interactive skill-building exercises, scenarios, and a final assessment.

UTC's athletics staff completed Title IX education via K@TE, the University's employee learning management system, which utilized Everfi’s Sexual Assault Prevention for Athletics Staff module. The module includes information about leadership, positive values, healthy and unhealthy relationships, bullying, hazing, sexual harassment and sexual violence, consent, bystander intervention strategies, reporting options, and support and resources.

UTC's Office of the Title IX Coordinator conducted 10 in-person training sessions about employee mandatory reporter responsibilities with different groups and departments across campus in 2022.

UTC's Office of the Title IX Coordinator conducted an hour long session during New Faculty Orientation in August 2022. Topics included Title IX, resources and support available to students, faculty and staff, and mandatory reporting.

UTC's Office of the Title IX Coordinator conducted 10 in-person training sessions about employee mandatory reporter responsibilities with different groups and departments across campus in 2022.
Reports of Sexual Harassment, Sexual Assault, Dating and Domestic Violence and Stalking

The following data reflects disclosures of potential sexual and/or gender-based harassment and misconduct received by the University from January 1, 2022 - December 31, 2022. These disclosures were received by the Title IX Office through direct reports, online reporting forms, and third party reports. The data does not include reports received by completely confidential resources such as the Counseling Center and University Health Services.

This data does not correspond to UTC’s Annual Security & Fire Safety Report, required under the federal Clery Act and published by the UTC Police Department, because the definitions and geographical jurisdiction used by the Title IX Office differ than what is required by the Clery Act. The Annual Security & Fire Safety Report can be viewed on the UTCPD’s website at utc.edu/police/clery.

All reports to the Title IX Office are classified based on the conduct that is reported in the initial report and through any follow up intake meetings that are conducted. The Title IX Office uses the following definitions when classifying reports:

- **Sexual misconduct** includes sexual assault, sexual harassment, and sexual exploitation. Sexual assault includes nonconsensual sexual intercourse/rape and other nonconsensual sexual contact/fondling.
- **Relationship violence** (dating violence or domestic violence) includes reported conduct that occurred between two people who have or have had a dating or domestic relationship.
- **Stalking** means the reported conduct includes engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.
- **Retaliation** means any act or attempted act taken because of a person’s participation in a protected activity that would discourage a reasonable person from engaging in protected activity.
- **Sex discrimination** includes forms of sex-based discrimination and harassment that do not fall within sexual misconduct, relationship violence or stalking.
- **Information report** is a report that was received, but the incident was unable to be classified due to lack of details or information. Resources and support were offered to the reporting party or the identified complainant.
- **Anonymous report/unknown complainant** is a report that was received, but there was insufficient information provided to identify a complainant; therefore, the Title IX Office was unable to provide outreach, support or resources.
- **Complainant** is an individual alleged to be the victim of conduct that could constitute prohibited conduct.
- **Respondent** is an individual who has been reported to be the perpetrator of prohibited conduct. The statistics reflected in this document include all reports received by the University, regardless of where/when the reported incidents occurred or whether the identity of the reported respondent was provided. Reports are loosely classified by type, for example reports of cat-calling are included within sexual harassment, although some instances of cat-calling may not rise to the level of a policy or law violation.

For more information and for complete definitions of prohibited conduct, please see UTC’s Policy on Sexual Harassment, Sexual Assault, Dating and Domestic Violence, and Stalking, available at utc.edu/sexual-misconduct.

No Investigation means the Complainant declined to participate in the Title IX process, the University did not have enough information to move forward, the report was anonymous, or the Complainant was unknown or not identified.

Limited Action means the Complainant declined to respond to outreach or stated they did not wish to file a formal complaint or participate in an investigation therefore the University took limited action and provided supportive measures like academic support, safety escorts, no contact directives, and campus support services.

Informal Resolution means that after receiving a Formal Complaint but prior to reaching a determination regarding responsibility the University facilitated an informal resolution process, such as mediation, that did not involve a full investigation and adjudication, with the Complainant and Respondent. Both parties agreed and consented to the Informal Resolution process. Informal Resolution is not offered or facilitated by the University to resolve allegations that an employee sexually harassed a student.

Dismissal of Formal Complaint per Title IX regulations the University must investigate every formal complaint unless it is dismissed. The University must dismiss if the conduct alleged (1) would not constitute sexual harassment, even if proven, (2) did not occur in the University's education program or activity, or (3) did not occur within the United States. The University may dismiss if the (1) Complainant notifies the Title IX coordinator in writing that the Complainant would like to withdraw the Formal Complaint, (2) the Respondent is no longer enrolled or employed, or (3) specific circumstances prevent the University from gathering sufficient evidence to reach a determination as to the Respondent’s responsibility.

This section provides information on supportive measures provided to students, faculty and staff involved in cases of sexual harassment, sexual assault, dating and domestic violence, stalking, retaliation, and other forms of sex discrimination.

In compliance with Title IX, UTC offers supportive measures to restore or preserve equal access to the university’s education program or activity without unreasonable burdening the other party, including measures designed to protect the safety of all parties or the university’s educational environment, or deter sexual harassment. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a complainant or respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

The following numbers reflect the top three types of supportive measures provided to individuals who were involved in cases reported during the 2022 calendar year. Supportive measures provided to individuals whose cases were reported prior to 2022 are not included here.

Supportive measures are determined after consultation with the student involved and faculty and staff members, as necessary. They are evaluated on a case-by-case basis and can vary greatly depending on the needs of the party involved. For a list of other available supportive measures, please reference UTC’s Policy on Sexual Harassment, Sexual Assault, Dating and Domestic Violence and Stalking.

1 Advocacy provided through the Center for Women and Gender Equity Survivor Advocacy Services is offered to every student, faculty and staff member who has experienced sexual harassment, sexual assault, dating and domestic violence, or stalking. A Survivor Advocate is available to discuss various processes involved when reporting, accompany survivors to all university meetings, potential criminal and civil court proceedings, create a personalized safety plan, and assist with resource referrals and filing for Orders of Protection.

2 Academic support includes, but is not limited to, class excuses, delayed exams, makeup work, tutoring, assignment extensions, incompletes, and withdrawal from classes.

3 A No-Contact Directive is a communication from the university, issued mutually to all parties involved, directing them that they may not have verbal, physical, written, and/or electronic contact, either directly or indirectly through a third party or other means or engage in various other types of behavior for a definite or indefinite period. A No-Contact Directive may be requested by any student, faculty member, staff member, or other person with a reasonable justification to believe that continued contact between specific individuals may interfere with one of the party’s security, safety, or ability to participate in work or studies.
