

Veterinarian School Timeline Guide

Refer to below guide for students planning on attending a veterinarian (DVM) programs who are math ready and not planning on taking a gap year. This timeline is a guide only, if a student will deviate from this timeline please connect with UTC Pre-Health Advisor

Name	ID	Application Date		
Semester 1	Semester 2	Summer 1		
CHEM 1110 and 1110L	CHEM 1120 and 1120L	MATH 1950**		
BIOL 1110 and 1110L	BIOL 1120 and 1120L			
SSCI Course 1	SSCI Course 2			
MATH 1130	MATH 1830 and MATH 1799 or 1730*			
ENGL 1010	ENGL 1020			
Semester 3	Semester 4	Summer 2		
CHEM 3010 and 3010L	CHEM 3020 and 3020L			
BIOL 1130	BIOL 3250			
FAH Course 1	FAH Course 2			
Semester 5	Semester 6	Summer 3		
PHYS 1030 and 1030L	PHYS 1040 and 1040L	VMCAS opens in Jan each year		
CHEM 4510	BIOL 4280 and 4280L ***			
FAH Course 3	FAH Course 4	Apply to Vet school by July		
BIOL 2060 and BIOL 2060L ***	Take GRE (if required) over winter break or semester prior to application			
Semester 7	Semester 8	Summer 4		
BIOL 2100 and 2100L or 4220 and 4220L ***	BIOL 4050***			
BIOL 4210 ***				
Many programs do differ, some programs may have additional unique prerequisites that would only need to be taken should a student select that particular program. It is important students verify requirements with their programs of interest and/or the UTC Pre-Health Advisor. Below are a list of possible additional courses that may need to be factored into a timeline based on program of interest:				
BIOL 3060	Physiology (Systemic)	THSP 1090	Animal Nutrition	Advanced Life Science Electives
Submit VMCAS or NO LATER THAN JULY 15 OF APPLICATION YEAR				
* PHYS 1030/1030L features concepts in trigonometry, you must either take a math course that covers trig (MATH 1730) or enroll in BOTH MATH 1830 and MATH 1799 students should consult with their major advisor as to what math course is appropriate for their major				
** For students required to take MATH 1950 for their major only, MATH 1950 is not required or recommended for vet school				
*** These courses are not required for all vet programs, for programs that do not require them it is ideal the student completes at least a few of them as they often fall in the recommended category
