

# WOMEN ON MATHEMATICAL PATHS

WoMathPaths: Communicating Employment Opportunities for Women in Math

October 19, 2023  
4:00–5:30 pm ET

## ACTUARIAL SCIENCE

**Celeste Bremen**

Fellow of the Casualty Actuarial Society (FCAS), Senior Actuary at New Energy Risk

**Sherry Chan**

Fellow of the Society of Actuaries (FSA), Chief Strategy Officer of Atidot

**Kudakwashe (Kuda)  
Chibanda**

Fellow of the Casualty Actuarial Society (FCAS), Vice President, Data & Analytics at The Hartford

**Amber Rohde**

Fellow of the Casualty Actuarial Society (FCAS), AVP & Actuary and Head of Actuarial & Advanced Analytics for Catastrophe Risk Management at Travelers

**Follow-up meet-up with the speakers: a sign-up sheet will be available to schedule small group or individual meetings after the event.**

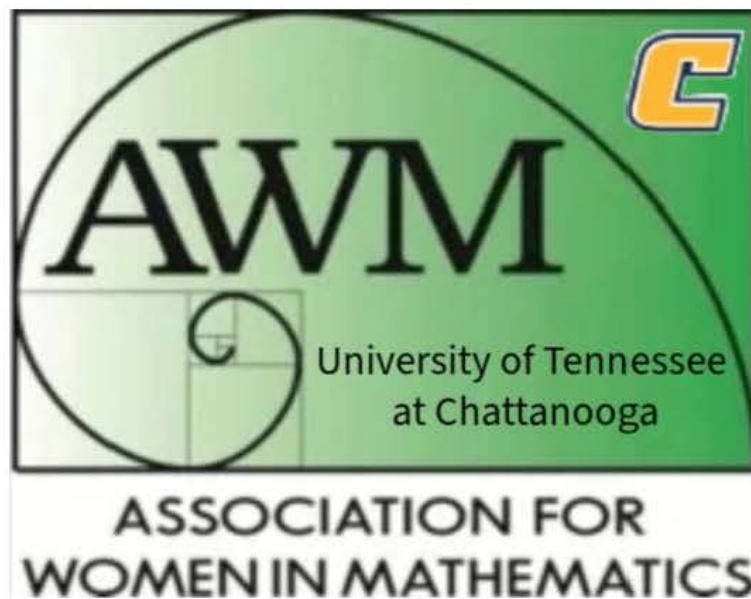

WOMEN ON MATHEMATICAL PATHS

**VIRTUAL SIGN UP!**

<https://ams-org.zoom.us/j/82468314739>

Open to all students who are interested in Mathematics and Science!

**You're invited to our AWM Coffee and Donuts Meeting**

Thursday, November 16, 2023

Math Conference Room (Lupton 308)

Time: 2:00 PM

**Speaker: Dr. Angelique Ramnarine**

Angelique Ramnarine is a Senior Lecturer of Mathematics and is currently serving as the Undergraduate Program Director for the Math Department at UTC.

She is a first-generation college graduate and is from the U.S. Virgin Islands. Her educational background is in secondary education mathematics and learning and leadership.

Join us for snacks and fun conversation as we learn a bit about Dr. Ramnarine's journey in mathematics and teaching.

# Student Research Symposium Kickoff

Join us for the kickoff of our Student Research Symposium, in collaboration with the AWM Student Chapter. Explore exciting research presentations from graduate and undergraduate students. Engage in discussions, network with peers, and be part of the vibrant research community.

Speaker

MASUMI

SUGIYAMA

PhD student in Computational Science:  
Computational and Applied  
Mathematics

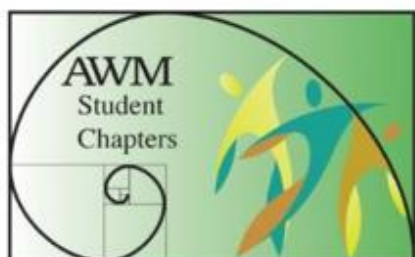

Topic: Research in Applied  
Knot Theory

Date : January 24th, Wednesday

Time : 2.00 pm

Location : Math Dept. Conference Room  
(Room 308)

## **SPEAKER:**

CHATHURI  
ATHTHANAYAKE

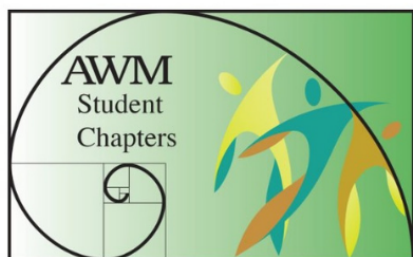

PhD student in Computational Science :  
Computational and Applied  
Mathematics

Topic:  
Navigating Uncertainty:  
A Study on Multiobjective Integer  
Programming  
and Decision Making

Date : March 4th, Monday  
Time : 3.30 pm - 4.30 pm  
Location : LUPH 390

# A JOURNEY IN MATHEMATICS

**Speaker: Dr. Shelby Lockhart**

**Date: April 5th, 2024**

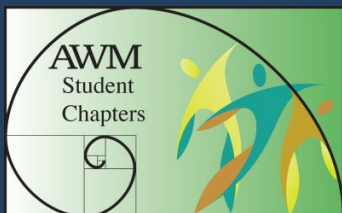

**Time: 12:00am - 1:00pm**

**Room: LUPH 393**

**Refreshments will be served.**

**She is a Computational Scientist at AMD (Advanced Micro Devices). Her background is in mathematics, computer science, and computational science. She holds her bachelor's degree in mathematics/computer science and her PhD is in computer science.**
