Senior Personnel - List each individual separately. Include details on how the budgeted amount was calculated. Specify Summer Pay or Release Time and the percent of effort budgeted. Email ORSP Grant Specialists for	or salary information.
Reminder: It is UT fiscal policy that summer [i.e., from grants, contracts, and other assignments (including teaching)] for 9-month faculty may not exceed one-third of the individual's base salary. Think carefully about y	your summer obligations as
you decide how much effort to out on this budget.  Dr. A's 9-month salary is \$75,000. If Dr. A were requesting one course release, the cost would be \$75,000 x 12.5%, plus a 3% anticipated annual increase. If you plan to request a course release, remind the PI to get a	approval before submission.
DH approval is Cavuse signifies approval of arrangement. Dr. A's 9-month salary is \$75,000. Divided by 9 months x 1 month of summer pay, plus a 3% anticipated annual increase.	
Ms. Vs 12 month salary is \$60,000 x 10% of effort committed to the project, plus 3% for anticipated annual increases. This 10% effort equates to 1.2 person months (12 x.1). Since Ms. V has a 12 month appointment treases from other dutes throughout the year.	type, she will need to be
1	
Postdoc range is typically between \$48,000 - \$65,0000. A 3% increase should be included for future years. If the postdoc is an existing UTC employee, their current salary should be used with a 3% increase.	
Graduate Students - You can budget for craduate students two ways: 1) with an assistantitio (stilloend + futtion remission) or 2) at an hourly rate.	
Academic stipends for PhD students must be at least \$22,000/year, although a higher amount is encouraged in order to attract quality students. The stipend is paid out over 3 semesters (fall, spring, and summer) with should double-check with department to confirm if budgeted rate is consistent with departmental rates. PhD students cannot be hired at an hourly rate.	h 20 hrs/wk effort. The PI
Academic stipends for MS GAs working full-time (20 hr/wk) must be at least \$4,500/semester and \$2,250/semester for part-time (10 hrs/wk), although a higher amount is encouraged when possible (e.g., \$6,000/semester).	seter) in order to attract high
quality students. PI should double-check with department to confirm if budgeted rate is consistent with departmental rates. The stipend is paid during the academic year (fall and spring)	
MS-level students can be hired hourly, year-cound, instead of having a GAship. MS-level GAs receive stipends during the academic year, but they can also work at an hourly rate during the summer months. Hourly rate workers typically range between \$18 - \$22hour. ORSP encourages scheduling student workers at no more than 20 hrs/wk during the academic year but during the summer they may work up to 40 hrs/wk. The typical is 12 weeks (3 months).	number of weeks for summer
2. In Woods (4 Hook Mar).	
Undergraduate students should only be budgeted at an hourly rate (typically starting at \$15hr). ORSP encourages scheduling student workers at no more than 20 hrs/wk during the academic year but during the sumn hrs/wk. The typical number of weeks for a student to work year-round is 48 instead of 52 to account for holiday breaks.	mer they may work up to 40
, and the second of the second	
Fringe Rates - UTC has negotiated fringe rates based on employment type: 35.2% for regular employees (including part time); 11.5% for GRA stipends; 1.5% for hourly students; and 7.9% for temporary employees.	
Equipment is defined as Tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds \$5,000. These costs	s are excluded from UTC's
Indirect Cost (IDC) base.	
Use CONUS rates when calculating travel within the US: https://www.gsa.gov/travel/plan-book/per-diem-rates  Always check the latest mileage rate at https://finance.tennessee.edu/travel/	
If you do not know which conference you are going to attend or where it is yet, use an expensive city like Washington DC as the placeholder destination. Per diems are calculated at 75% of the travel location per diem.	on first and last travel days
(leaving from and returning to home).  Conference registration fees need to be on a separate line item from all other travel costs.	
Use OCONUS rates when calculating travel outside of the US: https://www.travel.dod.mil/Travel-Transportation-Rates/Per-Diem/Per-Diem-Rate-Lookup/
