

Enlarged Atrium Ceiling Plan

Inspired by the Chattanooga Aquarium, the 3 story atrium sheds light on the south side of the building & creates an outdoor inspired lounge spaces on levels 2-4. The structure then opens up into a beautiful greenhouse on the rooftop where you can enjoy the outside while staying protected from outdoor elements.

BACKYARD

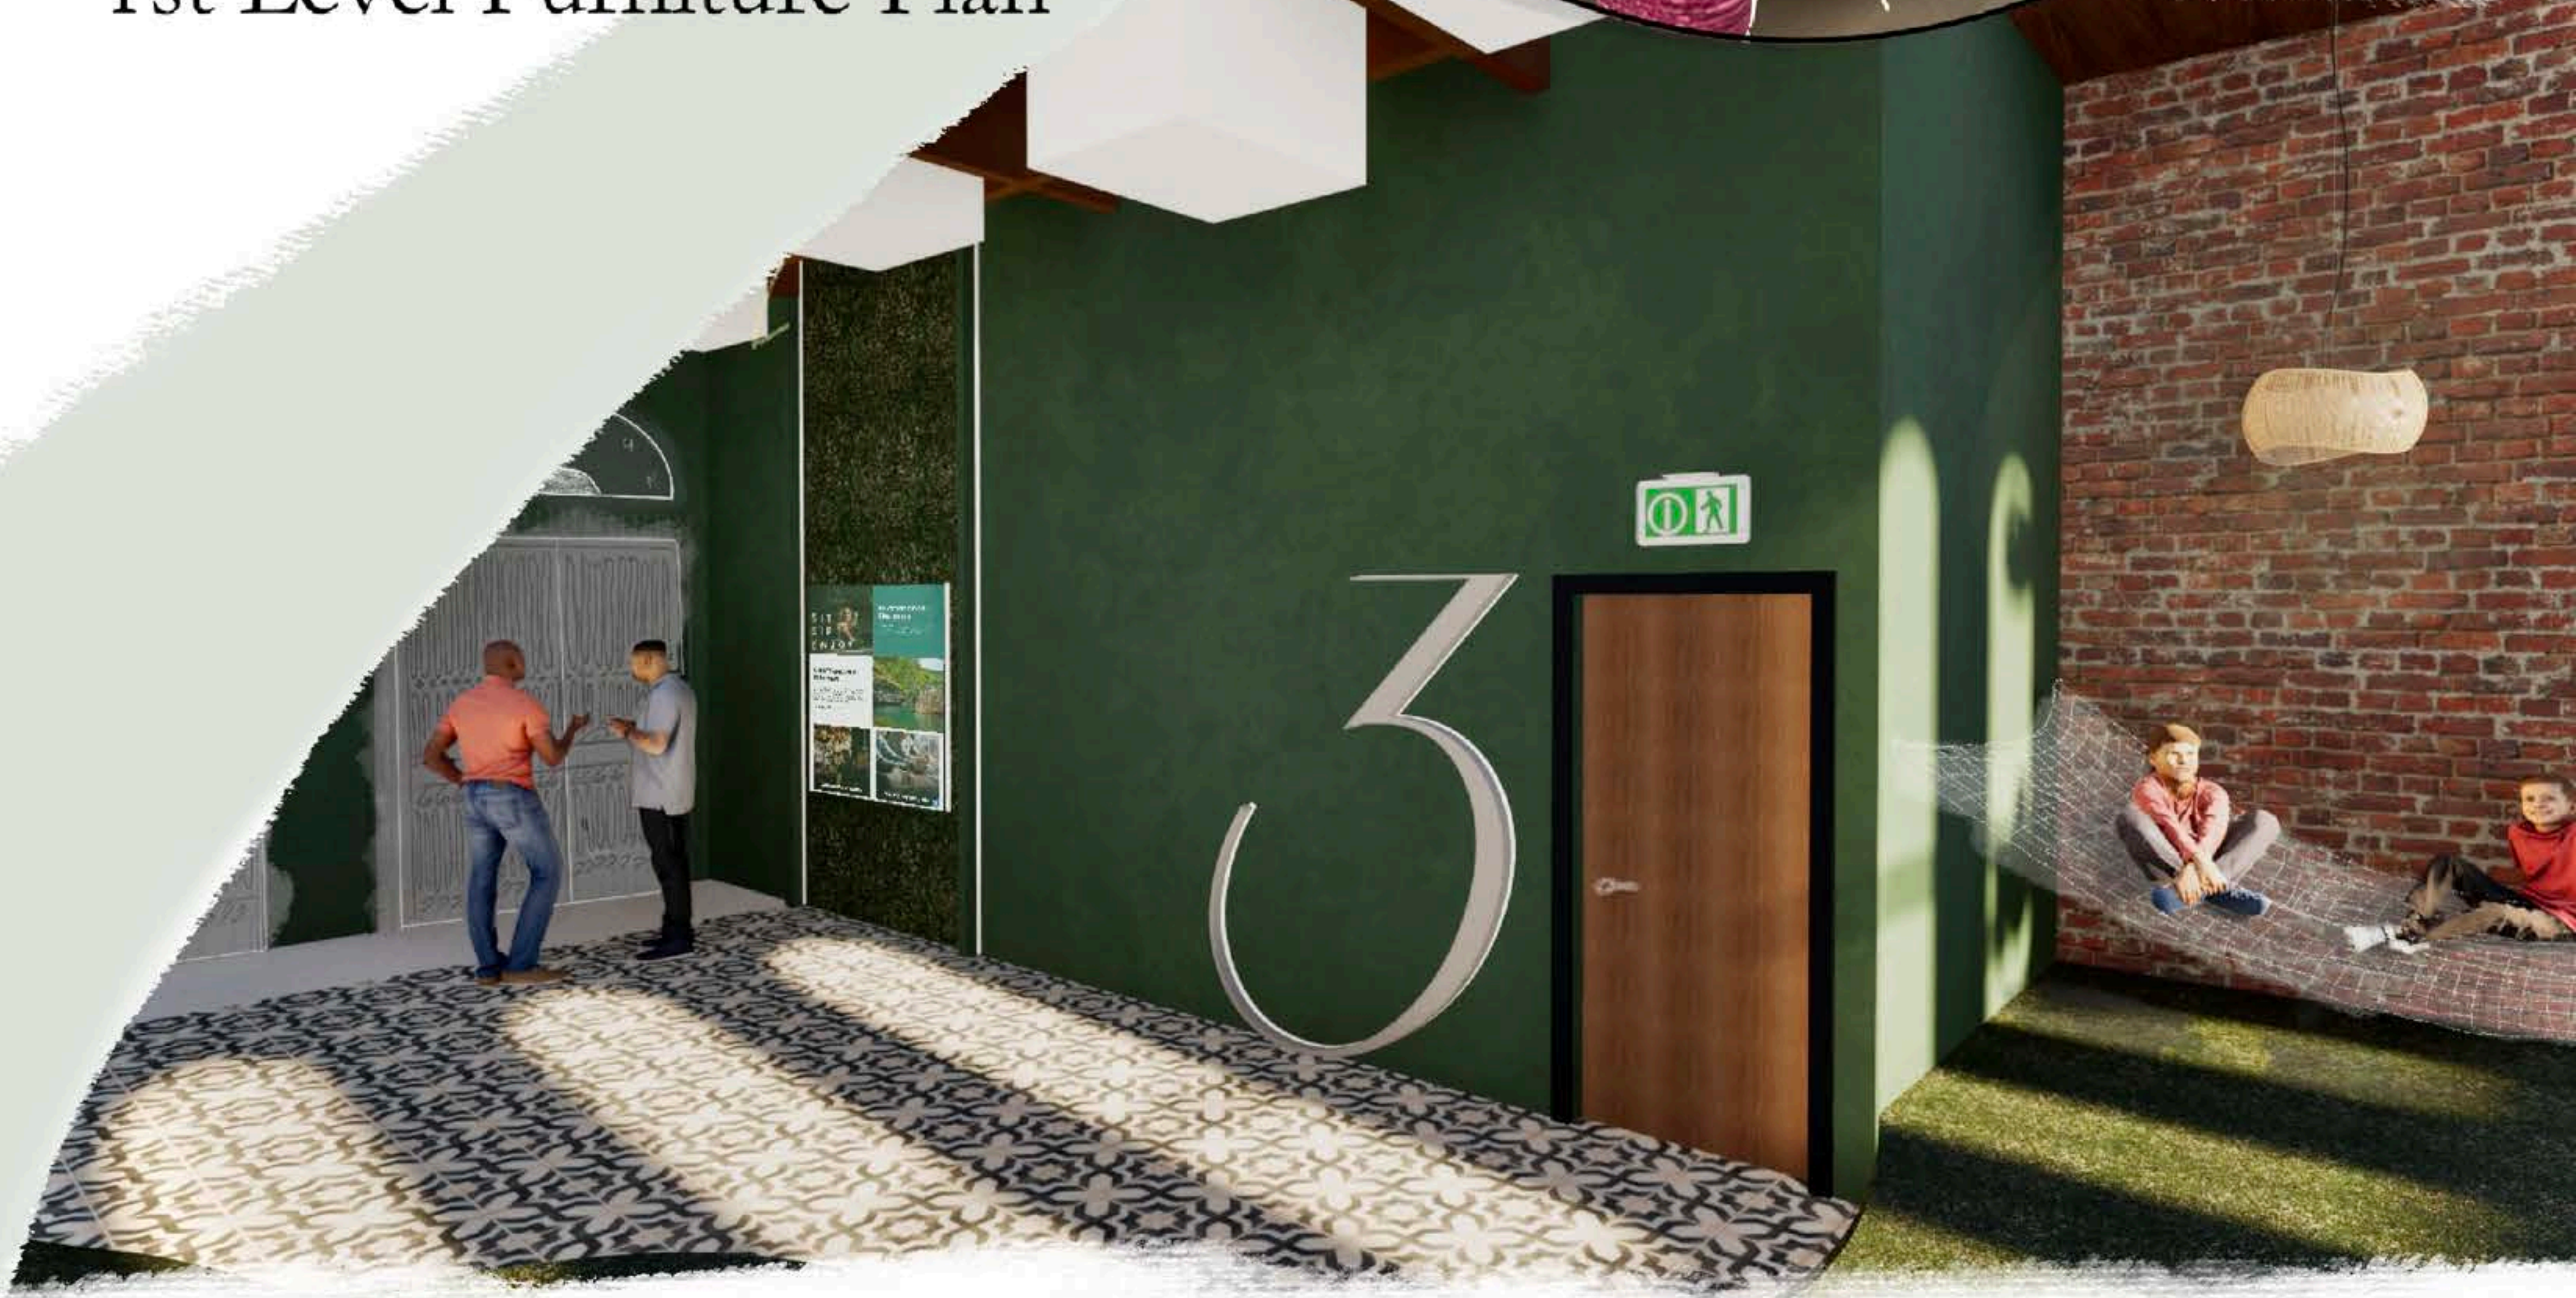

JAZZY'S

1st Level Furniture Plan

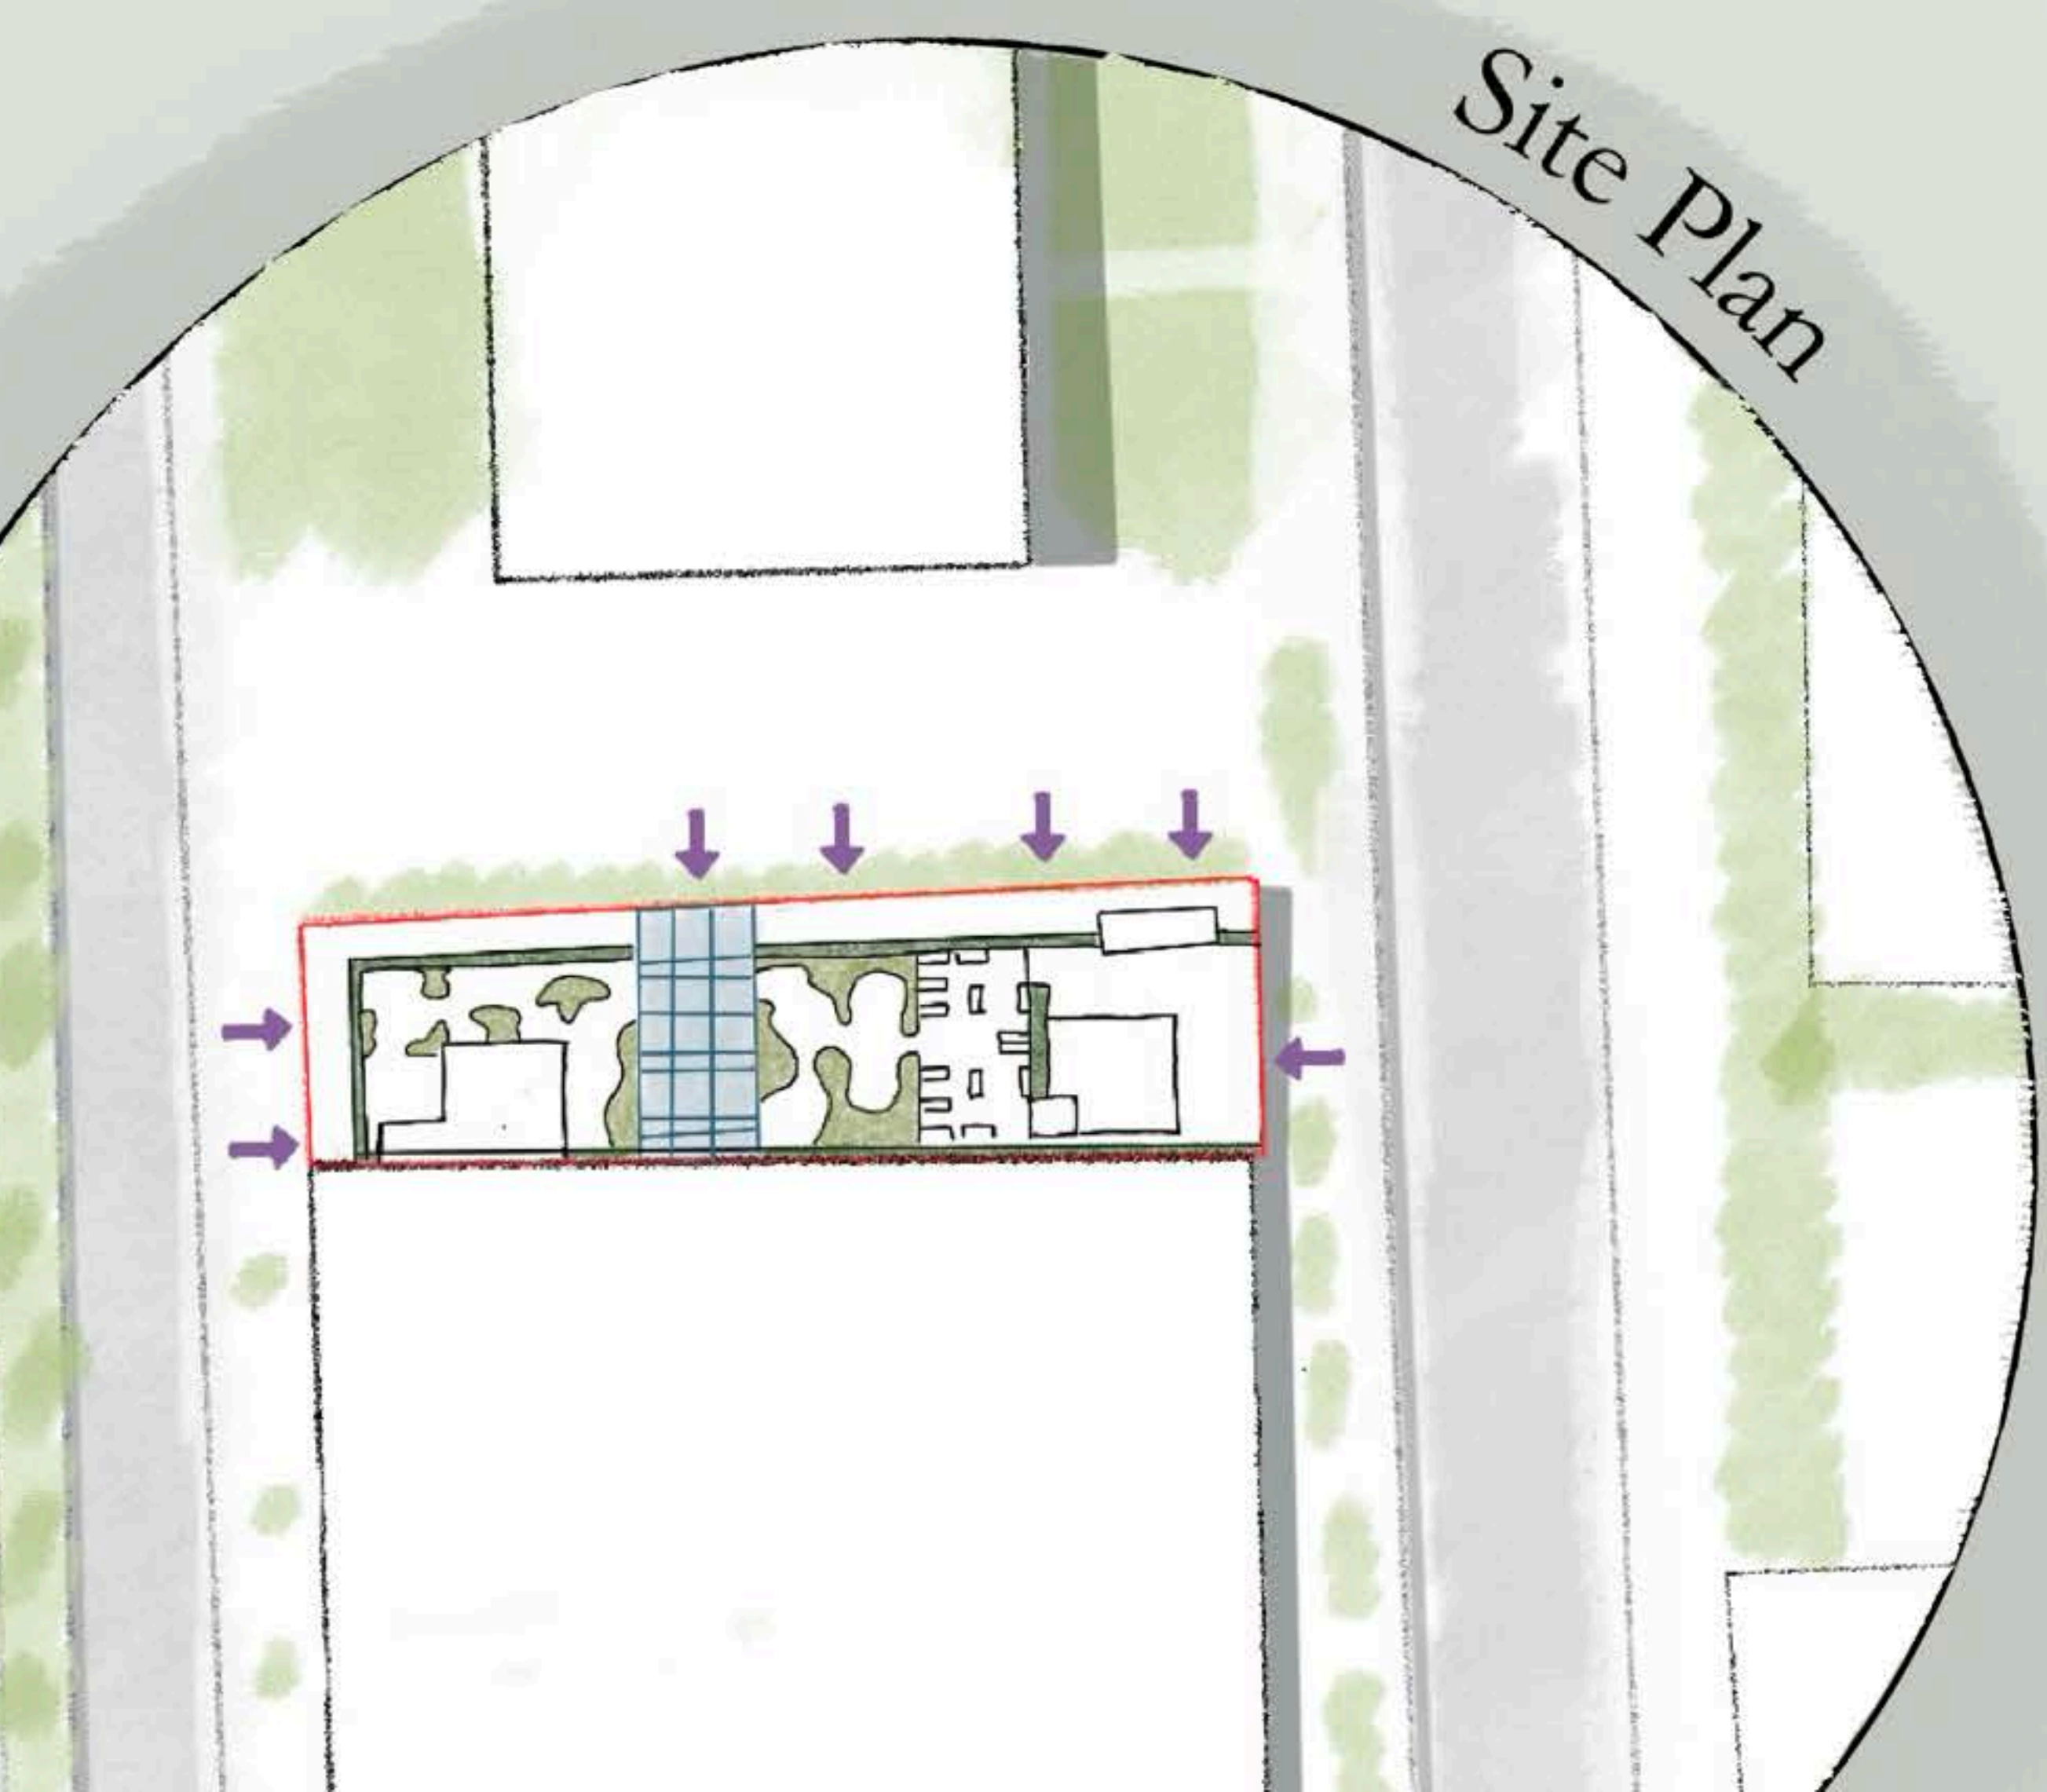

Jazzy's Backyard is a multi-level community center focused on bringing the outdoor elements of Chattanooga into downtown. Biophilia, gardens, and all things relaxing inspired each space. Terracotta style tiles, colorful finishes, and swings are brought together to create a fun contemporary space for locals, tourists, and UTC students. Technology is implemented on each level for wayfinding and exploring purposes. Touch screens are located in each elevator lobby for those to interact with to discover what Chattanooga has to offer on a daily basis.
