# Boling Apartments

# Map Description

## General Description

This map shows the layout of the Boling Apartments complex. The site consists of multiple detached apartment stacks and small clusters distributed across the property rather than a single continuous building. Each apartment stack is labeled with an identifier such as x01, x02, and so on, representing vertically stacked units.

## Spatial Organization

Apartment stacks are arranged in rows and small groupings across the site, with open space between clusters. Community facilities and service spaces are placed toward the center of the complex. Parking areas, streets, and nearby campus landmarks frame the perimeter.

## Labels and Notations

- Apartment stacks labeled x01 through x41.
- Laundry and Mini Mart labeled near the central-right portion of the site.
- Community Room located near apartment stacks x30 and x33.
- Office located near apartment stacks x31 and x32.
