So it shows that they are already listed on the policy as an additional insured.  
So the COI should be the last couple pages of the policy document.  
As I stated to Cindy we can't have that wording on the COI though.  
I believe all we need to do is add the waiver of subrogation for them and that costs \$100 to add.  
Cindy are you ok with that?

No response received back from Cindy Wilkins.
