

COSD and Our Ability are joining forces to launch a **NEW WEBSITE CALLED CONNECT!**

Connect helps college students and recent graduates with disabilities connect with employers seeking them. We are combining our strengths to provide a highly interactive, intuitive and cool tool for students and employers to learn about each other. Students are able to share stories, videos and more to help showcase their abilities and interests. Employers can use this exciting new tool to find and engage qualified students.

Opportunities are available on Connect!
