

Head Coach Job Description
Summer 2016

Title: Head Coach
Dates: May 20- July 30
Work Days: Monday- Saturday
Hours: Part time, 25 hours weekly
Pay: \$2000

Chattanooga Sports Ministries Overview

Our mission is to impact at-risk youth in Chattanooga by building Gospel-centered, mentoring relationships through the game of soccer. We run fall, spring, and summer soccer seasons for youth, with the vision to see them and their families know Jesus Christ and be connected to the local church.

Position Overview

A CSM coach is expected to represent Christ in character and service to at-risk kids through the game of soccer and through the creation and cultivation of mentoring relationships with the youth on their team. Each coach is expected to fully participate in the ministry by running soccer practices, leading Bible studies with their team, participating in outings and game days, attending staff meetings, and spending time outside of practice with their kids and assistant coach, while being flexible to help as other needs come up within CSM. Coaches are responsible for their team and are expected to be involved and informed about the lives of their kids throughout the summer. As an effort to raise funds and awareness for the ministry, each coach is asked to be a part in raising money for their assistant coach and team.
